NESARA = The Divine Plan

December 22, 2020

<https://goldenageofgaia.com/2020/12/22/nesara-the-divine-plan/>

A young Matthew Ward and his channel and mother, Suzy Ward

I'm reading through a message from Matthew Ward on NESARA, when, all of a sudden, I find myself saying, "Wait a minute. Wait a minute. *This is the Plan for our Ascension.* This is the Plan I'm reading."

Because I tend to compartmentalize knowledge, I'd been keeping the Divine Plan and NESARA separate. But, as Matthew points out here, they aren't separate. NESARA IS the Divine Plan.

NESARA = National Economic Security and Reformation Act. A blueprint for a world that works for everyone.

Here's Matthew explaining how near to extinction Gaia's physical body (that is, Earth) came for a lack of light. He takes us from there to the role played by NESARA in our Ascension.

From "Matthew Ward: An Account of Our Ascension Journey – Part 2/2,"
November 21, 2018, at <https://goldenageofgaia.com/2018/11/21/matthew-ward-two-accounts-of-our-ascension-journey-part-2-2/>

The two previous episodes when the planet's very life was at stake, the release of amassed negativity happened with such cataclysmic force that all life forms perished. Gaia loved them all, even the people who contributed to the negativity, and each time of departure sorrowed her deeply.

This time she wanted her residents not only to survive, but physically ascend with her planetary body, which would be restored to its original pristine health and beauty so all of her life forms could flourish and live together joyously and harmoniously. Her clear vision of that Earth became manifest in the universal continuum.

Accommodating Gaia's desire and her body's immediate need to start ridding itself of negativity required a massive amount of light, and God authorized powerful civilizations to provide it. The initial infusion stabilized Earth's orbit, jarred her loose from deep third density's entrenched negativity and enabled her to begin ascending.

Naturally, that light and all forthcoming from those far distant sources would be available to all of her life forms, too, but how to motivate humankind to peer through the darkness that shrouded the planet so they could "see the light" was quite another matter.

It was at that point the council entered the picture. They accepted the task of inspiring the peoples to take charge of their personal ascension by receptivity to the incoming light so they could start generating their own with forcefulness.

This was essential for two reasons of equal importance to ascension: Light transforms bodies' carbon-based cells into the crystalline structure that can survive in vibratory levels that eventually Earth would reach; and by dissolving the "veil"

between third density consciousness and soul-level knowledge, the light opens hearts and minds to the spiritual enlightenment that engenders soul growth.

After discussing all the intricacies, complexities and requirements involved—first and foremost that everyone’s free will must be honored in accordance with Creator’s edict to rulers of all the universes—the council came up with a plan. It had to be put into a linear timeframe for your understanding, and since it is your world, it could only be what you want it to be.

Therefore, all aspects of the plan had to become part of the collective consciousness, that energy mass of countless thoughts, feelings and deeds that steers activity in Earth’s field of potential and determines what happens in your world.

So a major consideration was how to present the plan in a format that would start people thinking about it. At that time in your history, the United States was considered to be the most globally influential of all countries, making it practical to start there, and so it did—members of that government were inspired to form the National Economic Security and Reformation Act that is commonly known by its acronym NESARA.

This legislation has been the dark ones’ target of manifold lies and sabotage, which led to denial of its existence by some who heard of it and to serious misconceptions by others. If you don’t know what NESARA actually encompasses—it is no less than the basis of world transformation and spiritual renewal!—and its evolution through both light and dark passages, please read previous messages that give detailed accounts. [Special NESARA edition, August 13, 2006, provides background information; a number of other messages include additional coverage.]

The provisions of NESARA and all other facets of the plan were developed in the continuum, where what you think of as past, present and future is a series of simultaneous happenings; where souls’ evolutionary station is known by the amount of light they radiate and matching them up according to their interests, innate capabilities and necessary karmic experiencing can be easily arranged.

Always pre-birth agreements are made with unconditional love and designed to benefit every soul participating in the shared lifetime, and so it was with the council’s plan, albeit the most unusual and far-reaching ever devised. Never before

in this universe had an entire civilization entered into an agreement whereby the vast majority would undertake such a monumental challenge: completing in only one lifetime all third density karmic lessons they needed to achieve balance and evolve spiritually and consciously into fourth density.

This unique opportunity attracted trillions of eager souls, far more than could enter Earth's population, and those who were selected were apprised of every part of the plan. They knew that after birth they would not remember any of it, but inner guidance would keep them on track via soul-level messages to the consciousness—conscience, intuition, instinct, aspirations and inspirations—because this is true of every physical life.

The stunning difference this time was, all participants knew that they would be helping to create in linear time a world that already exists in the continuum by virtue of Gaia's manifestation. And, all felt certain that they would masterfully perform their chosen roles.

Nevertheless, in the council's planning of a process unprecedented in speed and scope, they wisely took into account that some of the weaker souls might falter and welcome assistance in addition to the continuous in-beaming of light from distant civilizations, and the plan included several means to handle that contingency.

Stronger souls who had shared lifetimes with weaker ones could take upon themselves a portion of those souls' heavy karma; volunteers for those roles were in fourth or higher densities, and so were the energy healers, psychic intermediaries and receivers of telepathic communication, who would help in their respective ways.

A multitude of souls was needed to become way-showers and standard-bearers. Some would intuitively know the truth of information transmitted by messengers in the light and share it with all who were receptive; others would become active in various reform efforts or prepare for professions where they could influence positive changes; and some of the many souls who would exemplify the power of positive thoughts and feelings and the joy of living in godly ways would fill other roles, too.

Well, I'll be. A lightbulb moment for me. We've had the Divine Plan before us all this time and I treated it as a merely-economic charter.

Thank you, Matthew!

What is the "Abundance Program"?

June 20, 2010

<https://goldenageofgaia.com/2010/06/20/what-is-the-abundance-program/>

On every front, we see the financial system so finely crafted by the global elite coming crashing down.

At the same time we see the elite circling the wagons, trying to take advantage of events to increase their wealth or, if not, at least to conserve it.

The process is revealing their true colors. Instead, of seeing to those who are suffering, they are showing themselves solely concerned with their own fortunes.

Within nations, they scale back unemployment benefits and pensions. Among nations, they show countries in trouble the door or saddle them with debt.

In the meantime, those at the very top of the economic pyramid are paid outrageous bonuses. Insider knowledge allows them to sell their stocks before prices fall. Or they're paid huge sums by insurance companies while leaving people affected by their actions broke.

Moreover, they show themselves prepared to use taxpayers dollars to bail out banks and buy needless defence systems ("needless" because they themselves create the "war on terror"), all of which benefit them, while restricting lending to and spending on ordinary people.

This is not a sustainable system. SaLuSa tells us that this way of doing things has no future. An inequitable economic system such as this is doomed to collapse and be replaced by what he calls the “abundance program.”

In this article, I'd like to restrict my attention to SaLuSa's messages on the subject, although I could have consulted Matthew Ward and Saul as well. But for the sake of simplicity and comprehensibility, I'd like to remain with just the one.

As of March of this year, SaLuSa told us that the world's financial system was teetering on the brink of collapse. But at the same time, he also revealed that a new financial system was ready to replace the old.

“The financial systems of the world are teetering on the brink of collapse and it can be expected because they are no longer adequate or sustainable to overcome your problems. Behind the scenes everything is prepared and in readiness for a new system, and it will be implemented when it is exactly right to introduce you to it.

“It will overcome all of the frailties and drawbacks that devalued the [existing] system in more ways than one. You want stability and what you can appropriately call 'value for money,' and as you know it is to be backed by gold and other precious metals.

“No longer will it be used to serve the greed of the banking fraternity, who will be required to observe a fair and honorable code of practice. There will

be no place for the old system, and it will be quickly changed for the good of all.” (1)

One of the features of the old, unsustainable system was that it allowed the financial cabal to print off paper money, reducing the value of people's holdings while shoring up the power of the financial cabal. This practice will end.

“Our allies in many countries are agreed on a plan for a metals-backed currency, and the end of the paper currency that has led you into bankruptcy.

“These are the essential changes to set up a fair system, that will protect your earnings and property from unconstitutional laws. The changes will affect the whole world and that is indeed the intention, so that you are released from unfair systems that include your tax laws. There is at last a glow on the horizon as the Light permeates into every corner of your world.” (2)

The new abundance program, together with other measures the galactics and Spiritual Hierarchy will introduce, will solve all our economic and financial problems. It won't be done immediately but in a short space of time. The solution of our problems will be global in scope.

“When we tell you all of your problems will be solved, we mean that precisely. It cannot be done overnight, but one of the priorities is to organize abundance so that eventually no one is without sustenance.

“Since we observe your whole world we know where the worst cases of poverty and decay exist, where basic needs are not covered and medical services barely exist. We will deal with those urgent problems very quickly, and what we want to see is living standards lifted up.

“The Illuminati have persistently ignored these conditions, and have kept people down deliberately as part of their population cleansing.” (3)

Introduction of the abundance program awaits disclosure: “Disclosure still remains as an important development that must precede the abundance programs.” (4)

“You will see that our intentions are to lead you as soon as possible out of the restrictions imposed upon you, and introduce into your lives all that will quickly improve the quality of it. The abundance program will clearly be a major step forward, but first disclosure must come about and thus allow our open presence on Earth.

“With that, all actions withheld and waiting our interaction with you can begin. You will not have to wait an interminable time to witness these developments, and any further delays will only mean a revision of our plans to ensure a speedier conclusion.” (5)

The galactics cannot be exact about timing: “On a week-to-week basis so much could happen, and it is why we are unable to be more precise about the coming months.” (6)

However, SaLuSa can say that we should see first results before the end of this year:

“This year [2010] will be the beginning of many dramatic events, and you will see the plan for abundance and other benefits promised to you taking shape. ... If we were to anticipate where you might be by the end of this year, we would expect to have seen governmental changes and the first signs of the abundance program taking place.” (7)

The new financial system will ease conditions that have led to so much conflict.

“When all are treated fairly and wealth is shared, the need to resort to other means to acquire it becomes unnecessary. Inequality is something you are

longer prepared to put up with, and your intent that it shall be changed will manifest the result that will bring it about. Indeed, Dear Ones, with your awakening and growth in consciousness you have realized that what you seek is your right.” (8)

The changeover will be rapid: “Already the foundations are in place for a quick change, where your financial systems are concerned.” (9)

Abundance will dramatically lift the spirits of the population of the world and prepare us to concentrate on Ascension.

“The mood of the people will change dramatically once they are informed of our mission. We offer you release from the thralldom of many centuries of persecution, poverty and wars that have kept you in the control of the dark Ones. That alone will bring joy and hope to those who are still experiencing such conditions, and through the prosperity program will address many current issues. We will be more involved in the bigger ones that have beset your whole world. ...

“The lack of basic requirements that have left the poorer people in shanty towns, without proper facilities or medical care [must be reversed as soon as possible]. We are well aware of the priorities where you are concerned, and regardless of size our vast fleet and personnel can handle them with ease. ...

“You should have been able to advance your standard of living much more than it is now. ...

“The changes will not be imposed for the sake of it, but are part of our plan to bring you the comforts and protection that will lift your experiences to a new level and bring you joy and happiness. Following that you will be in the right frame of mind to apply yourselves to the business of preparing for Ascension. That is the ultimate goal.” (10)

But before that time, we must endure a complete financial collapse, denying the Illuminati their source of power; namely, wealth. This may cause us some anxiety.

“As the old falls away it is understandable that you are concerned, because as yet you cannot see what will take its place. However, the fact that you see

the demise of that which has proved inadequate and responsible for your present position means that you will not readily accept a resurrection of the same again. That is clearly desirable, as otherwise there would be a return to the old ways.

“It is planned to advance your civilization so that there is a natural progression to Ascension. That which has been denied you will quickly come into your lives, and provide the answers to the problems that confront you now. We can address all issues so that you take a quantum leap into the New Age.” (11)

SaLuSa assures us that the star nations know and have planned for all eventualities, including the oil spill, which he may have hinted at prior to its occurrence. Here is his update of April 10, 2010:

“We share responsibility for your future just as much as you do, and together we will have no difficulty in getting you prepared for the wonderful and exciting times just ahead. Already you have had sufficient information to understand the nature of them. Clearing away the result of years of pollution is high on our list, and although the size of the task is extremely large, with our technology it will be dealt with in next to no time.

“The environment has to be restored as first measure to lift everyone’s living conditions. Then shall the basic needs of the poorer people be provided for in full measure. Contented people are happy people, and the joys of living will be there for you all to experience.” (12)

This then is what we'll be experiencing in the months ahead. The old system will collapse but be replaced by a new and more equitable arrangement. Everyone's financial needs will be seen to and the changeover will come quickly once the program can be introduced.

There's no need to fear what's happening. Knowing what we know, we can watch the process unfold with certain knowledge that what follows it will be to the satisfaction of all the people of the world.

Matthew Ward on NESARA – Part 1/2

February 8, 2021

<https://goldenageofgaia.com/2021/02/08/matthew-ward-on-nesara/>

I'm going to look at NESARA in a few days and would like a few of Matthew Ward's discussions of it available to us.

Matthew's Message, April 16, 2016, at <https://www.matthewbooks.com>

Although the term is not used, its purpose—to stabilize the global economy by putting all currencies on the gold standard—is one of several provisions in NESARA, the acronym for National Economic Security and Reformation Act, that was written by some of Earth's Golden Age master planners in collaboration with evolved residents of Earth.

Even today relatively few people are aware of this United States legislation signed by President Bill Clinton in 2000 because those who knew about it were bound by a “gag order” that he and other Illuminati members of the government imposed.

After the Act became publicized to some extent via dissemination of information transmitted by off-planet sources to their receivers, the government set up a disinformation website—National Economic Stabilization [*later changed to Security*] and Recovery Act—and incorrect information about NESARA was circulated to mislead people who had heard about it. Never has it been an investment program nor does it include the delivery of “prosperity packages,” depositing millions of dollars in bank accounts or cancelling legitimate debts. (1)

The authentic NESARA was to be announced worldwide and go into effect on September 12, 2001. To prevent that world-changing event, President George W. Bush and his Illuminati colleagues ordered the infamous betrayal of their country commonly known as “9/11.” That also let them move forward on their pre-planned invasion of [Afghanistan and] Iraq under the “war on terror” banner.

It would be natural to wonder why a program that has monumental global ramifications began with legislation in the United States. First, NESARA’s provisions had to be framed within your laws; otherwise, it would be a matter of souls from other civilizations imposing their ideas upon the people of Earth and universal laws prohibit that kind of interference, even when it is in the people’s best interests.

Second, it was imperative that the profound changes the Act contains be implemented first in the United States because it was the most Illuminati-ridden and the most powerful nation in your world. Although the latter status now shares the spotlight, that government’s actions still heavily influence what happens in many other countries.

And it was necessary to act on NESARA’s provision that changes the United States’ *corporate* status - that had been surreptitiously set up by the Illuminati - to a *republic*, as was intended by the colonists who waged the war for independence.

The Act’s primary economic thrust is something that could not be spelled out in any legislation: legally obtaining the vast wealth that has been illegally and immorally amassed by the Illuminati and using those funds to eliminate impoverishment, which, by and large, is of their creating. (2) Let us cite an example that you may remember from previous messages.

The earthquake that devastated Haiti was caused by the Illuminati's weather-control technology; after the quake, former US presidents Bush and Clinton went there to divert into their own pockets the monies donated for aid and reconstruction. As for the people of Haiti, these six years later still are living in unsanitary, substandard conditions just as before the earthquake hit, and many residences are makeshift hovels amidst the rubble of destroyed communities.

The unconscionable disparity between the haves and the have-nots in your world caused an imbalance in Earth's energy field that must be remedied and other NESARA provisions also are designed to do that. They cancel debts incurred through IMF loans; end usurious interest rates; topple the privately-owned Federal Reserve System, whose tentacles span the globe, and its collection agency, the IRS; and end the currency trading that has enabled the Illuminati to reap fortunes, and that is where global reset fits in.

Matthew's Message, May 4, 2020.

NESARA is the United States legislation National Economic Security and Reformation Act. GESARA is the same, but Global replaces National so the Act is applicable worldwide.

There has been "help from heavenly forces" from the onset. The very concept of NESARA came from the Highest Universal Council planners of Earth's Golden Age [Steve: Of which Matthew was a member], and St. Germaine was one of the principals who composed the Act, which was signed into law about 20 years ago.

It is a legal document so its provisions can be only political and economic, but its purpose is no less than world transformation. As an indication of the Act's vital significance, the Illuminati prevented its scheduled announcement September 12, 2001, by staging the terrorism you know as "9/11."

Because subsequent efforts to announce NESARA also were futile, its aspects have been implemented incrementally thanks to the perseverance of volunteer lightworkers from other civilizations.

In short, the structure to replace malevolent control of your world has been in place from the beginning, and souls with spiritual and moral integrity will continue moving this divine plan forward.

(Many messages archived on www.matthewbooks.com contain comprehensive information about the Act. Typing NESARA in the search blank on the menu will access those messages.)

(To be concluded in Part 2, tomorrow.)

Footnotes

(1) That is not to say that the "Prosperity Programs" don't exist; even the Reval could be considered one of them; it's just to say that they were not begun as part of "NESARA."

(2) By President Trump's Executive Order of Dec. 21, 2017, blocking the property of persons accused of serious human-rights abuses. It's intended that these sequestered funds be re-introduced into the economy by lightworkers who serve as "pipelines."

Matthew Ward on NESARA – Part 2/2

February 9, 2021

<https://goldenageofgaia.com/?p=317397>

(Concluded from Part 1, yesterday.)

Matthew's discussion, below, not only corrects the impression of "complete debt forgiveness," which isn't the case, but also gives a glimpse into the philosophy of "financial fairness" underlying the economic provisions of NESARA.

Matthew's Message, Aug. 26, 2017, at <https://www.matthewbooks.com>

“Can Matthew please elaborate on this statement: ‘Debt forgiveness that you may have heard about will be done on an individual basis, not across the board.’” [May 30, 2017]

We thank this reader—that statement does beg more explanation than we have given in previous messages. Many who know of the National Economic Security and Reformation Act, United States legislation commonly known as NESARA, interpret its debt forgiveness provision as canceling all debts incurred by all citizens of that country.

That is not correct. The intent of that provision is financial fairness worldwide, and that would not be accomplished by wiping the slates clean of people whose debts are due to flagrant spending and luxurious living while ignoring the people who owe nothing because they have nothing.

The provision is part and parcel of global economic reformation that will end the dark ones' international web of deceit and control that for centuries has been enriching the wealthiest few and consigning the masses to impoverishment.

Therefore, one aim of the provision is eradicating the balance of loans made to countries by the International Monetary Fund, an Illuminati operation. When national leaders kept the monies in exchange for control of the country's natural resources and the debt went to the people, reimbursement of loan and interest payments will go directly into building or upgrading those countries' infrastructures and other areas in consonance with the voice of the citizenry.

This comprehensive undertaking will be supervised by experienced managers selected by and accountable to a council of internationally-respected persons. Loans that have been repaid in full will be returned with interest to governments that used the funds to benefit the people; that will undergird those nations' fiscal stability and promote the growth of prosperity.

Debt relief on an individual basis will benefit people who pay usurious interest rates and burdensome taxes. This part of the provision calls for reducing balances of mortgages, other loans and credit accounts by the amount of interest and income taxes paid through the years. The combination of payments will eliminate the debt load of many, and, if it exceeds debts, individuals will be given the amount of the excess.

Financial assistance will be provided to people living in rental residences or are homeless and to persons who have student loans—those also will be calculated on an individual basis. If people who qualify for the described reimbursements or assistance no longer are living, the amount will be distributed to their families or in accordance with their wills.

We have been told that this mammoth undertaking will begin as quickly as possible after acquisition of the funds, the Illuminati's illegally and immorally amassed vast fortunes that still are in their grasp. Because this endeavor is global in scope and

aiding the impoverished is the first priority, patience will be your ally as you await “your turn.” During the interim, please use the universal law of attraction for your best interests—the power of positive thoughts and feelings cannot be overstated!

Matthew Ward: Special NESARA Edition, 2003 and 2005

Dec. 6, 2010

<https://goldenageofgaia.com/2010/12/06/matthew-ward-special-nesara-edition-2003-and-2005/>

Matthew asked that the "Special NESARA Edition" of his messages be reproduced and so I post it here. It is composed of several messages from 2003 and 2005.

Special NESARA Edition

NOTE: Although Hatonn and I have communicated ever since the opening of my telepathic connection January 1994 (and he gave me information for two chapters of Voices of the Universe,) this is the first message he asked me to circulate with one of Matthew's.

July 18, 2005

1. HATONN: I'd like to lay to rest this NESARA announcement business for once and for all. Getting to the point of proving that NESARA is real is an ongoing process with a great deal of progressive activity that has not been given to any channel. Any and all messages that have been giving dates and telling of hostages and CNN takeovers and especially the killings! - are NOT coming from any of us! I assure you, nothing I've ever said to any channel has been in that realm of the absurdity!

2. That leaves the DISinformation specialists in either spirit or in body as the "newsmakers." What's to be accomplished besides confusion and disillusionment in the believers and jeers from the crowd that always has doubted there is a NESARA? Isn't that enough mischief? From our viewpoint, it is! The energy wasted in both camps is distressing! I'm in charge of all communication between Earth and all points elsewhere, and there's this hodgepodge of false information going around that I'm trying to get straightened out! I wish the well-meaning people who are sending around those messages with such elaborate explanations would stop and think, "Would 'ETs' and Sananda really send us all those details?" They would see how unlikely that is and look elsewhere for verification of true happenings. I strongly suggest they look to their godselves, where all truth is known!

3. By the day we near the time when NESARA will be known – no, I didn't say "announced" because I don't mean "announced" – I mean "known" - but we don't know when that day will be. We aren't sitting idly waiting for it to amble into sight – we're doing everything within the processes that govern any US legislation so that never can they throw at us, "You took over our planet!" Of course this is bigger than the US president and his administration's power group, but they always have the ear of the rest of the world.

4. Those of you who are familiar with Matthew's messages know that he has made the point several times that even without NESARA's announcement, forward movement is constantly underway toward the same goals. That is exactly what is going on – we're progressing on the same fronts by other means. Anything we do is not by our decision alone, but in conjunction with your own people who will emerge as the vanguard of the transitional government.

5. There are two ways this can go. Nothing is written in stone and we don't know which way at this point will best serve you. Things can be changed by going what you'd call forward or backward in time. We don't expect you to understand this, so you simply have to trust that we're proceeding cautiously and wisely so that the logistics of major changes will come about as smoothly as possible.

6. This isn't a revolution in the sense that your history books tell, but many of those who are in prime roles now or soon will be have served in multiple changeovers of ruling bodies. They have learned what is necessary and what isn't, and that's why they wanted to come back and achieve change without the chaos and bloodshed of your past. We know your patience is exhausted waiting for NESARA to come and with it, the resignations of the US president and his administration.

7. Stop waiting and live fully and let NESARA lie! If you must think of it, think of it as a blueprint or a set of short- and long-term goals and not as the whole enchilada -- yes, I know your expression -- coming all at once. Processes in motion will be slower but just as certain in the results that NESARA intends. The house of cards that is the US Congress is falling like dominoes in slow motion behind the scenes. There are holdouts, and we can't say that we didn't anticipate this, but the many who are responding to the light—and light is our ONLY weapon!—will be helping us to influence the ones still on teeter totters.

PS. July 26, 2005

8. Suzanne, please add to my message that when we undertake important missions, such as assisting you all in this transition out of darkness into light, we DO NOT MAKE MISTAKES! The series of bumbings given as “reasons” that NESARA never gets announced time after time are just plain nonsense! Anyone who knows the truth of us realizes that, but the people whose discernment is just developing could see us as part of the problem, because however could bumblers be part of the solution?

December 31, 2005

HATONN: I bid you “Good evening,” Suzy, with thanks for receiving me in these last hours of your year 2005. I ask that you send out my message with the next one from Matthew.

This is Hatonn speaking in my capacity as director of communications between Earth and all points elsewhere during the era of Earth changes. You may know of me as commander of an intergalactic fleet. That is another of my “hats,” but in this moment, my focus is communications about another area of my activity, what you commonly refer to as NESARA. I am here to give a definitive statement in particular, but not exclusively, to all who have been working diligently to initiate NESARA’s wide-reaching reforms and now don’t know what to believe.

The National Economic Security and Reformation Act—please note this accurate name—is as real as anything else on Earth, so to all skeptics, please put to rest the impression that it is merely a wish in the minds of some who intensely desire a legislated remedy to your world’s problems. Nevertheless, that view does have some validity. Like everything else in the universe, this Act’s formation was preceded by and manifested through thought forms. You are inured to living within manmade laws, so we had to put this within an acceptable legal framework. In accordance with universal laws, the framework had to specify means to achieve the Act’s objectives so the universe knows what situations to present in aid of manifesting the desired results of peace, justice, equitability and accountability starting in the United States and extending worldwide.

That said, a great deal of DISinformation about NESARA has been promulgated by various sources to discredit this Act. That isn’t surprising, because its provisions strip them of political and economic control over you. But it’s unfortunate that NESARA has become better known through those means than the correct information from knowledgeable sources, such as Matthew. Approximately two and a half years ago we asked him to issue our collective statement that described NESARA as the divinely inspired co-creation of highly evolved beings on and beyond Earth to engender good will among her humankind and a fair share of good fortune for all. Food for the spirit is not enough for the majority of your population, who are oppressed and deprived, and NESARA was born of Earth’s desire for betterment in the lives of all her resident souls.

In that message Matthew also spoke of Dove's credible reports, and at that point and for a time afterwards, she did faithfully report what she was told by lighted souls both on and off-planet. That changed about two years ago, when it became evident from our higher vantage point that the control of the ones we call "dark" was sufficient to prevent NESARA's implementation well past the optimum universal timing. Ah yes, the movement of celestial bodies has great bearing on what happens in your world, and they don't wait for procrastinators. To adhere with that timeframe, we opened new avenues to accomplish the identical aims of NESARA, more slowly, but with equally certain outcome.

Dove's preoccupation with the success of the program in its exact design that was the basis of her reports clouded her receptivity to the new multi-faceted course. In spirit this course is aligned with NESARA's provisions, but it can move independent of the Act's restrictive legal requirements that the dark ones were manipulating to their advantage. Dove's dedication that had been admirable in its fervor and exhaustiveness turned into egotism with her choice to report what she felt would be more effective than our new direction. Light and egotism aren't compatible, and with her change in attitude, her light faded. She lost her former high connections along with her ability to discern that she was reaching dark entities or to properly evaluate information from Earth sources. The natural consequence is the inaccurate information she has been issuing.

Until a very short time ago, that made no difference at all in the "behind the scenes" progress. Although further efforts in the old direction were futile in one respect, in another, and far more important respect, they were powerful. The light generated by the intent of all involved enabled the "lift-off" and then sustained energy momentum of the new processes to fulfill NESARA's objectives. But Dove's recent contentions that are strikingly without factual basis have caused considerable confusion. Introducing this kind of energy attachment is not helping to propel our activities' momentum to surge pace, and that's why I am telling you what has transpired. The energy of your belief that NESARA's objectives ARE being met, albeit on a parallel track, is as imperative now as before.

This is not a place for anger or shame, but rather sadness that the soul who once correctly reported on NESARA unwittingly veered off the light course. We honor Dove's service within her original mission and we beam intense light for her return. We beam the same to the dark entities that falsely claim to be me or other

beings of light, and to the receivers who believe them and send out that false information. Be keenly discerning about all channeled messages! Especially in this late phase of Earth's transition out of third density, knowing what is true and what is false is critical for your own sakes! We urge you to look beyond the mass of muddled information about NESARA, Second Coming, First Contact, disastrous destruction to land masses, nuclear war potential, a dying planet—listen to what your souls are telling you!

Hold within your hearts the vision of the world you want for yourselves and your families, for all the inheritors of Earth:

A world where peace and love replace war and hatred; where governments are led by just, prudent and spiritual women and men, not power-mongers led by darkness; where fair distribution of all resources replaces the extremes of egregious greed and desperate poverty; where universal and planetary truths replace the web of lies that has controlled your lives.

The concept and intent of NESARA is to help you create that world on Earth. You do not have to know of this Act or, if you do, you don't have to believe in its actuality—wanting the same intentions that it embodies is what counts. IT ALREADY HAS COUNTED! You are reading this in the early days of your year 2006, when wars, suffering, tyranny, corruption and the like can be seen wherever you look. But in this very same instant in the continuum, where everything is NOW, Earth is peaceful and beautiful and all of that negativity is gone. She has reached her chosen destination where low-vibration manifestations don't exist. The world of your vision, the “future” world you are helping to create right now, already IS!

[This is Matthew's message that Hatonn referred to. Before becoming a chapter in Voices of the Universe, it was widely distributed and posted/archived on many sites.]

August 7, 2003

MATTHEW: My greetings in love to all! I have requested my mother to receive this important message and pass on to her usual sources for disseminating. I

believe that my credibility as one of God's messengers has been established with those who are familiar with the Matthew Books and my messages that have been posted on various Internet sites. In any event, I have been appointed by the highest light beings to speak more comprehensively than I have previously about the vital Earth reformation program commonly known as NESARA. Before that, I say this: NESARA WILL be implemented, and it will be done more quickly if its reality is trusted and all who know of it hold convictions toward that success!

Some consider NESARA to be political and economic in nature while others view it as spiritual because of the high level light beings affiliated with it. NESARA is both. When people are severely oppressed by political and economic conditions that foster impoverished living circumstances, lack of health care and education, monopoly of natural resources, slave labor, unjust laws and courts, starvation, and tyrannical regimes, offering "soul food" isn't enough. When people are preoccupied with mere survival requirements, giving them only spiritual messages is not going to bring about the global reforms they need to rise out of their misery. That is why the provisions of NESARA are monumental in scope, embodying sweeping reforms for Earth that will begin as soon as the legislation is officially announced. When people become aware of the reforms, they will be motivated to participate according to their capabilities.

As in all other aspects of polarity still existing on Earth, NESARA is at one extreme and the dark forces that Dove and the members themselves call the Illuminati are at the other. Mother, I need to interject something here. The work Dove is doing to inform about the progress of NESARA is imperative, and it is essential that her credibility and value be understood on Earth just as it is in the higher planes, where it is given great honor. Now I return to explaining the darkness of the Illuminati. This powerful cabal has long recognized that to retain their control of Earth's people, they must keep them in ignorance and fear, and for millennia that has worked well for those currently in power and their dark predecessors. Now they are realizing that it cannot work for them much longer, and they are sparing no tactic to hold onto their fast-ebbing control. They rightly see NESARA as their total uprooting, because once the program's reforms are implemented, the control of the darkness will crumble totally.

It is necessary that you understand the reality that is beyond the religious and scientific dogma that have structured, dominated and limited your awareness.

NESARA is far more than a piece of legislation in the United States. The extraterrestrial beings at high stations of soul evolvement who initiated the ideas within NESARA's programs to assist Earth humans' rise in spiritual clarity are doing so at the invitation—indeed, the plea!—of Earth. Your planet could have not survived any more assaults of the negativity being continuously generated by human brutality to each other, to the animal and plant kingdoms or to the physical body of Earth. All wars and other violence, famine, disease, ruthless leaders, environmental destruction and economic strangulation have been instituted by the influence of the dark forces.

Relief from all the suffering caused by these conditions was essential or your planet would die. Over half a century back in your counting, Earth had reached that point of damage to her body and soul. She had the choice of her soul ascending and allowing her planetary body to die, or surviving intact. Her soul chose to survive in its physical planetary form, but in her greatly weakened condition due to the extent of trauma she had long suffered, she could not do it without massive assistance. Light beings of extraterrestrial civilizations responded to her cry for help, and among these countless souls who have come to her rescue are those who have been working with diligence and dedication to the reforms embodied in NESARA. So you see, it is by Earth's quest for help that these beings, in conjunction with Earth humans, are performing their various missions on and off-planet to get this vast, vital program underway to rejuvenate physical Earth and enlighten and uplift her people.

It is understandable that you who are familiar with Dove's reports could become discouraged by the delays in NESARA's announcement because you have no "behind the scenes" knowledge of what is causing these. There are two major reasons. First, the NESARA legislation is being processed within the laws of the God-inspired original US constitution. It is important that you understand this is not a take-over by ETs to initiate the light in these programs, however desperately needed by Earth. In collaboration with wise, just and highly spiritual Earth humans, ETs are helping in myriad ways to restore health to your planet. Knowing of Earth's travail and out of their love for her, souls chose to reincarnate as Earth humans and assist their universal brotherhood in recreating heaven on Earth, and some are doing this through NESARA's provisions.

Second, the dark forces are fighting tooth and nail to prevent even the awareness of NESARA, much less its implementation, and at this point, delaying the announcement that must by law precede enactment of the widespread provisions is the only weapon left to them. They have been successful thus far in achieving delays by many means: assassinations of influential people who favor initiating the provisions without delay as well as others actively working toward this end; death threats to the families of light workers and to the workers themselves; double-agents within the ranks of the light workers; and terrorist assaults. The US internal terrorist act of September 11, 2001, was the most dramatic of these tactics. The laboratory-produced SARS disease was meant to be another global fear instigator, but its effects were greatly reduced by efforts of light workers.

Another delaying tactic is disinformation and non-information through control of major media. The disinformation program includes claims that NESARA as reported by Dove and she herself are frauds. Dove has reported information accurately as it has been given to her, and it has been discouraging to her, not only to you readers of her reports, that time after time the announcement has been delayed. In the beginning of spreading the word about NESARA, it was necessary to get your attention, to encourage you to generate positive energy attachments to the program and give it impetus, and that is achieved by the power of your thoughts and feelings. I cannot emphasize too strongly that your active participation in adding to the light energy momentum is essential—NESARA is to your benefit! However, since nothing in the universe is isolated in its effects on everything else, it is within universal interests that Earth be lifted out of the third density limitations that for eons have kept you from knowing your eternal and inseparable connection with All That Is. NESARA is an integral part of this planetary ascension into higher vibratory dimensions.

Additionally, it is not correct to believe that even at this high station we can make accurate predictions in the linear time that exists on Earth and nowhere else in the universe. We can look into the energy field of potential and see the increased momentum of the light progress, which at that moment is optimistic and is reported as such. Then the dark forces strike again, and that optimism is tempered by the energy momentum they have gained.

When my mother first was asked for my viewpoint on NESARA, over a year and a half past in Earth counting, I confirmed its validity and the great benefits of its

provisions, and I said that their implementation was not imminent. There was limited action in the field of potential then, and nothing registered there indicated that sufficient energy was being generated by the combined on and off-planet light forces so that NESARA would be announced any time “soon.”

Two factors were—*are*—affecting NESARA as in everything else: A great deal of planetary and individual karmic balancing still had to be played out, and by Creator’s law, souls’ free will must be respected except in the case of nuclear detonations in space. That includes the free will choices made by members of the dark forces to hold up and weaken—preferably doom—NESARA. Both Earth humans and extraterrestrials among you who look just like you have been using one tactic after another to delay NESARA’s announcement. Please don’t be disturbed by the fact that darkly-inclined extraterrestrials are operating on Earth—even more powerful extraterrestrial light beings also are among you. The dark ET’s, through inculcating in you greed, hatred, violence, ignorance and fear, want to continue to control you and your planet. The light ETs are there to help you take back control of your planet and your lives!

Whereas a year and a half ago there was limited energy being registered in the field of potential, now it is in total frenzy. This reflects the unprecedented extent of energy being generated by the light beings to dislodge the darkness and that forces’ last ditch efforts to hang onto their pockets of power that will be lost with the global changes NESARA will usher in. So, while you now can see why it simply cannot be estimated with accuracy the date of NESARA’s announcement, you can see that time is coming closer with each passing day!

Light is the tangible, directional facet of love, and love is the most powerful energy in the universe, the original creating material. NESARA is created in light-love. Do not doubt its power to transform Earth into the paradise it once was. Your part in this transformation is to let this truth of NESARA be known and to trust in its glorious intent and outcome!

With divine grace and the love of the universe, this is Matthew.

As Matthew mentions, a great deal of government disinformation is in various sites on the Internet. The **ONLY** site with truthful information is www.nesara.us .

Among other things, this site explains the provisions of this U.S. legislation, its history and the Dove reports.

[I'm including the following message especially because of the last two lines, which also refer to Matthew's August 2003 NESARA message. But this entire message is enlightening and thought-provoking – it's a chapter in Voices of the Universe too.]

BE INFORMED AND ACT

October 4, 2003

GOD: This is a time for rejoicing! The polar extremes in what you call “human nature” have been reached. By universal law, nothing is static for a nanosecond, and the momentum has started to return Earth to the state of balance wherein the extremes will be reconciled. This does not mean perfection, that sublime state that exists only within Creator, as your planet will continue to be a learning placement for souls. But the violence, starvation, disease, cruelty — all the devastation caused to Earth and all her life forms by the will of the darkness — will continue to lessen until all are planetary history, and this is to happen quickly.

Earth will be restored to her former paradise self as she is rising into higher vibrations—this is assured! The critical question still is: Will you accompany her? And the answer still is, you will if you have enough light to physically survive in those higher vibrations. The choice is yours — that's good news, and there doesn't have to be any bad news unless you consider that absorbing enough light for your personal ascension isn't automatic. You have some work to do.

Too many of you still don't see what is so essential — it's going to take some doing on your part to straighten out the mess your world is in. Yes, other civilizations all over “space” are in this with you — you wouldn't be alive there if they weren't — but it is not their world, it is YOURS. They can't just pull the strings they know would swiftly return my beloved Gaia to health and rouse all the sleepyheads into remembering who they really are. That isn't their responsibility. It isn't even their prerogative. However benevolent and powerful those light civilizations are, they

can only help you—they cannot do it all. This is the law of the universe, not an arbitrary cut-off line.

Moreover, what you do affects the entire universe. You are putting out energy with every idea or action, and the motives behind those carry an intensity that most of you don't understand. Energy is neutral in this—it acts only in accordance with what you attach to it, and that is determined by your motives and intentions. So not only do you have the choice to uplift your home planet or not, you have the choice to do the same for the universe.

Regardless of your individual choices, Earth is going back into the higher vibrations where she was created and she would love to have all of you go along, but that decision isn't hers—it's YOURS! She has her free will and you have yours—it's that simple.

Free will is Creator's gift to all souls. Some have misused this gift, foremost to the detriment of their own soul evolution, but with fallout to billions of other souls to whom the few are denying the exercise of that same gift. I'm not overlooking the fact that karmic experiencing is part of what is happening. It is in the many, many cases where this is not what is happening that the situation is being corrected in this unprecedented era throughout the universe.

Even though this universe is my domain, I'm bound to honor Creator's laws, and usurping or denying the free will of others is against one of those laws. So it's my responsibility to get this situation back on track and I can't do it without help. Maybe I'd better elucidate a bit here or I'll make myself look like a wimp, which I'm not.

I have explained that I am each of my parts regardless of their station spiritually, and as parts of me, each is loved equally regardless of free will choices, even when those choices are against their own spiritual evolvment because they're interfering with the free will of others. Your religions have defined what "sins" are. Not correctly, though. The ONLY "sin" is interfering with the growth of a soul, whether it is one's own soul or others' souls. Furthermore, "sin" is simply an error. It's not what some religious dogmas have judged as evil or as a wrongdoing that can be atoned by performing a prescribed ritual—and certainly not by a sentence of death!

If you didn't make errors, you wouldn't be on Earth—you'd be somewhere among the angels or highly spiritually evolved civilizations.

Earth is your school ground—it's one of many, even some you know but don't remember—and it's a good one. The idea is to learn from what you perceive as errors so you can avoid more of the kinds of decisions and actions that are harmful to your soul's growth and often to others' as well. You were given a conscience so you can know when you are aligned with your soul-level contract and when you are straying from it. But a conscience, like anything else that is ignored time and time and time again, goes away or atrophies from lack of use.

Along with learning from the karmic circumstances you chose for bringing balance to your souls' experiencing, you are just as free to make choices that aren't in your soul-level agreements and thus not in your best interests. I cannot impinge upon your individual choices—nor would I want to! I just wish you would use your free will wisely. I can't take sides in a great conflict, either, because even though I am all of you, I am foremost EACH of you. I am as strong as the strongest and as weak as the weakest. As the amalgamation of all my independent yet inseparable parts, I cannot act to change or exclude even one. Balance is what all souls are aiming for because within balance is the spiritual strength of reconciled polarity—that's another of Creator's laws—and I am only as strong as my parts that have achieved this status. So you see, all of my children collectively determine my strength.

There, Suzy, that should take care of explaining why I need help, and now I shall get on with what I have been leading up to. I requested you to state right up front in the last book that these books are not political forums. That still is so, but I cannot ignore this topic of politics because that is what has been running your world—mostly running it into the ground!—almost from the beginning. Not necessarily by that name, but by that ideology, where the strongest rule over the masses. That can be done wisely, benevolently, with the strong uplifting the weaker to the benefit of all. But instead, what I see is greater and greater political oppression to the detriment of all. The politics that controls all countries, all peoples, all economies and resources of your planet homeland has been instrumental in bringing your world to the devastated state it's in.

In no country on Earth are people free. For millennia the dark souls of civilizations beyond your planet have been influencing their willing Earth brothers and sisters in leadership positions to deceive and intimidate the rest of the people. Regardless of who holds national leadership roles, they rule by the dictates of those forces that are unknown to the people and perhaps even to the rulers. The influence of those dark alien puppeteers has resulted in all declarations of war and all decisions regarding economies and resources of the world. Their secondary aim is increasing the control and wealth of Earth's leaders, whose greed for power makes them eager puppets, thus today you have a world with unprecedented concentration of vast riches, impoverished nations, willful environmental destruction and corruption oozing out of corporate connections with governments.

The ultimate aim of the puppeteers is annihilation of your planet, and even though that will not happen, for beneficial changes to come, first there must be a change in the character of your world's leaders. Voices must be raised with demands for leaders of spiritual integrity—that kind of character is exemplified, not merely proclaimed. I don't mean that no leaders ever have been strong in virtues or that no voices ever have been raised in protest of injustice and inequities—indeed there have been those individuals. Many of those brave souls suffered or died for that, and much of their good works has been undone by succeeding generations who blindly followed self-serving leaders.

Now, the collective will of the people is rising in opposition to this continuing. Lies are being exposed, more lies are coming and those will be exposed, too. Oppressive governments in all nations will change. Although plans are afoot for this peaceful revolution through a joint effort between your civilization and many of your space family, that does not absolve any of you whose desire is a finer, brighter world from the responsibility of helping to create it. You all chose to be where you are at this time precisely so you could do exactly that! Actually, some of you embodied in other lifetimes as the greatest leaders of Earth and beyond, and you are back to take on similar inspirational and constructive roles now.

I'm not being contradictory here. Yes, wonderful changes are coming as Earth is rising. But that is with or without you! If you want to go along, you need your own light!

It is on three levels that you must act so that honorable governing bodies will be achieved. The first level is spiritual, and I'll tell you what spiritual is NOT: It is not membership in any of the multitude of your religions. It is not the self-righteousness that is evident in great abundance. It is not escaping into a head-in-the-sand prayer life. It is not believing that neither good nor evil exists because those are only judgments. It is not accepting that everything is in divine order and will run its course without your participation. It is not refraining from seeing what is going on in your world because you've been told it all is an illusion. I am not saying that there is no truth in any of those; I am saying that spirituality is not inherent in any.

The spiritual level on which you will change your leaders from being ruled themselves to people worthy of being leaders—true leaders with spiritual integrity—is within your hearts. That's your usual depiction of where love resides, is it not? Actually, the sensation of love is a province of the soul, but it has strong physical effects at the heart that instantly spread throughout your entirety to uplift your spirit, mind and body.

Love starts with self, with living so that loving self is as natural as breathing. Only then can you give and receive love. Love is contagious, unlimited, omnipresent. It is what changes bleakness of spirit into fullness of spirit, illness into health, lack into prosperity. It is the absence of love that breeds all the woes of your world, and it is filling the void that will cure the woes.

This is not asking you to love what brings misery and deprivation and harm! It is asking you to simply feel love so you can send forth that energy—it will seek its way to the void.

The second level is mental—deeply thinking to discern what is truth and what isn't instead of buying into what candidates say. The catch is, what information is truthful and what is not? What sources can be trusted? You have been deceived for eons by a few souls in one generation after another after another who intend to retain the control over you, so access to the truth is not easily come by. How can I put this so it is not a series of Don'ts? Always I prefer to be positive in statements, and I've already compromised that by my explaining what being spiritual isn't.

Very well, Suzy, I know how to proceed. Think of what you want in your world. If that is peace and harmony and cooperation, that's where to focus your thoughts. What will bring that to the world? Think of what will: Respect and dignity for all races and faiths and genders; help wherever help is needed; equitable sharing of Earth's vast riches; cures of all diseases; education, fulfilling work and comfortable homes; honesty, kindness, compassion, fairness, sharing, justness, forgiveness.

Think of all those qualities and circumstances and let your heart and conscience guide you to the candidates you most closely identify with them. The words of campaign promises are worthless without a candidate's heart and soul in them. Let your heart and soul, not just your eyes and ears, lead you to the one person who embodies the love and light to uplift your world.

The third level is action. If you want to have a leader whom you trust, work toward that end. Publicly and financially support the person you want, but if that isn't possible, then put forth your intention through the power of your energy focused on that person actually being in office. I cannot emphasize too strongly the power of energy sent out with attachments of intent! You can be sure that the current people in power will be amassing the strength of their supporters' energy, because those supporters get the trickle-down largesse in exchange. You who want love, peace and harmony will receive those incomparably greater victories in exchange for the energy you issue forth to create them.

Because that grand and beautiful country called America is pivotal in determining what happens all over the planet, its 2004 presidential election is of international concern. The three levels of involvement I have just delineated apply to all people in the world as pertaining to this election. Discernment of information and energy are without national boundaries or distance limitations, so a South African or Brazilian or Chinese or Egyptian has the same power of focusing intent as any USA citizen.

That country may appear to be the haven for democracy, but that is a farce of the highest order. You may believe that legal and honest processes are observed in "democratic" elections, but it has been many, many decades since the last of those. There haven't been any honest elections anywhere else on Earth, either, but it's just not as obvious that there haven't been any in the United States, where the citizens have been duped for such a long time into believing their voices and votes count.

The men and women in the federal government are not ruling that country “with freedom and justice for all.” Those are hollow words, just as the two-party system is meaningless insofar as giving voters a choice—the dark forces have influence that knows no party boundaries. Government officials who have acted in accordance with their sense of honesty and right-ness have been disposed of by one means or another. Those who are not killed are threatened with it or they are ridiculed into non-credibility or are forced into oblivion insofar as any influence. That is what has been passing as the “democratic system of government” in America.

Only with an honest voting process can the people’s choices be given their true value, and you citizens of USA don’t have that. Your votes are denied, ignored or manipulated to serve the interests of the “power elite,” one term used to denote the few most powerful people on Earth who are controlling everything to serve themselves. If you want to have an honest election for a change, work toward that end. Investigate the voter eligibility rolls and balloting mechanisms, the people who handle the ballots, the corporation that counts them and releases the totals to the networks for announcing. I tell you, there is deception and corruption up and down the line, and curing that ill has to precede the next presidential election.

Do I endorse a candidate? No, not by name, and telling you my choice isn’t what this is about. I’m ALL of the candidates, remember, and I’m not about to tell you which is YOUR choice. It’s your free will decision that counts, but first you need to get an honest balloting system in place, which is NOT the case now, or your vote won’t be worth a fig.

That’s it, Suzy. What do you think of that for a nonpolitical message?

S: I like it because I see my choice for president fitting in there exactly. I hoped you’d name him even though I didn’t really expect that. But would you comment on him, please?

GOD: He’s the one with the most light.

S: Isn’t that the same as he would be the best president?

GOD: It’s more. He would be in the position to lead the reforms your whole world needs and he is the one who can do that. Let’s talk about something else.

S: How do you feel about the President Bush part of you?

GOD: Oh, my. I saw that coming, of course, and I'm not side-stepping your question, little Suzy, but my reply isn't going to satisfy you: As a part of me and I of him, he is loved by me without reservation, just as are all of my other myriad soul parts.

S: I think that is side-stepping my question.

GOD: That is the only answer I can give. Is there another issue you'd like to talk about? I'm asking even though I know your mind is blank—well, other than a bit of annoyance.

S: I'm sorry. Would you like to talk about something else?

GOD: Sure—anything else! It's nice to see you smiling again!

S: OK, how about NESARA? [National Economic Security and Reformation Act.]

GOD: My dear, I can't do any better than what Matthew has told you. Please insert that here, and then let's call it a day.

Matthew Ward: The Illuminati and NESARA

October 31, 2020

<https://goldenageofgaia.com/2020/10/31/matthew-ward-the-illuminati-and-nesara/>

Matthew and his mother and channel, Suzy Ward

Matthew Ward, who served on the highest universal council that mapped out our Ascension, (1) spoke about the Illuminati's control of the economy and the need for NESARA at the beginning and end of 2007.

His words are still highly relevant and enlightening.

Matthew's Message, Jan. 1, 2007.

It is difficult for you to imagine any system other than what you are accustomed to, and only a comparative handful of people know how corrupt that system is or that international trade, banking and stock markets are manipulated by the Illuminati. Although I cannot give you finite details of the changeover process, I can give you an overview and assure you that the honest, knowledgeable people who will manage the process intend to minimize disruption as they fairly distribute the world's wealth.

The "new" foundation for currencies will be a return to an old one, where there actually was a set standard for exchange; now there is only a vague appearance of value as transactions are from computer to computer and the total worth of daily transactions far exceeds the money available to back them.

Because the debts of the poorest nations were incurred by desperation and the loans were not used to benefit the citizens, those debts will be annulled. As for economic collapse in the United States, that country's coffers have been empty for some time, and its citizens can only benefit from new economic management. The US national debt is due to the Illuminati's skullduggery in calculating it, and when their Federal Reserve System and its collection arm, the IRS, are dissolved, the actual debt will be manageable.

The unspeakable fortunes illegally amassed by the top Illuminati will be returned to circulation, and since those fortunes enabled them to control governments, banking and multinational corporations, that control will end. Bartering can be an excellent way for nations to conduct some business, just as in small communities, and outright assistance will be given to impoverished countries. ...

Not only will the Illuminati money be distributed wherever the need is greatest, but their control of natural resources will too, as will the wanton destruction of the environment through oil and gas extraction, mining, logging and pollution. Technologies now suppressed and the more advanced technologies that will be introduced by your universal brothers and sisters will clear the pollution and provide renewable energy and building materials.

Footnotes

(1) "As one of the highest universal council's designers of the master plan for Earth's Golden Age, I could give you firsthand information about [the plan]." (Matthew's Message, Feb. 3, 2014.)

Matthew Ward, "Essay on 2012," Dec. 31, 2007, at <https://www.matthewbooks.com>.

Because money is the basis not only for commerce, but even more so for concentrating power, the need for economic reforms worldwide is as crucial as changes in national leadership. The economy as reported is more myth than actuality. Only a comparative handful of people know how tenuous and corrupt the global economy is or that international trade and the stock markets are manipulated by the Illuminati, a group of darkly-inclined people who have passed their tight global reins from generation to generation.

They have amassed vast fortunes through that control as well as by charging usurious bank loan rates and accruing mammoth amounts from their illegal drugs industry, and they use that money to buy governments; bankrupt countries and exploit their natural resources; keep billions of souls at barely subsistence level; and fund both sides in wars that they precipitate and perpetuate because from wars they derive handsome profits.

This cannot continue and it won't. The unconscionably inequitable allocation of money in your world will end. Although I cannot give you finite details of the changeover process, I can give you an overview and assure you that the honest, knowledgeable people who will manage the process will keep disruption at a minimum as they fairly distribute the world's wealth.

The Illuminati's illegally and immorally garnered fortunes will be put into circulation and their exploitation of natural resources worldwide will end. Since that power base is what enabled them to set government and banking policies and own multinational corporations, those corrupt controls also will end. The huge debts of the poorest nations were incurred by their state of desperation, often caused by Illuminati actions and influence; but the loans went to the despots ruling the countries and did not benefit the citizens, so those debts will be annulled and assistance given directly to the people.

Many national borders have been set by the victors in war who wanted the natural resources, and that created "have-nots" who formerly were "haves." When the LOVE in souls ends all conflicts, borders no longer will be cause for dispute because all peoples will be "haves."

The coffers of the United States, which is erroneously considered the most fiscally sound nation in the world, have been empty for some time. The national debt, in large part due to the skullduggery of the Illuminati-owned Federal Reserve System and its IRS collection agency, will become manageable when that System is dissolved.

The various currencies, especially dollars, have no foundation - daily transactions involving billions of dollars and other currencies are merely information passed from one computer to another and they far exceed the money to back them. The "new" foundation for currencies will be a return to an old one, where precious metals was a set standard for exchange, and "old fashioned" bartering once again will be an excellent way for nations and communities to conduct some business.

The allocation of food and other basic life essentials available in the richer countries will be shared on an equitable basis with the poorer countries until a global production order is achieved.

Diets will change from meat and seafood to plants as people learn to respect and honor all animal life. The herds of food animals will decrease through the cessation of breeding and natural transition, and as plants become diet staples, any that were harmfully genetically engineered will shed those properties. ...

Now I must tell you as well that the transition from this day to that world will continue to present challenges. To say otherwise would be neither truthful nor prudent as your expectations would not be met, and instead of successfully dealing with challenges - which you are well prepared to do with wisdom and strength of spirit and character or you wouldn't have chosen and been selected to participate! - you could become discouraged as Earth continues apace on her ascension journey.

Wars and other violence, injustices, deception and corruption will continue until that energy set in motion is played out. Although the dark forces, the vast force field of negative thought forms, has left this part of the galaxy, tentacles of that energetic influence remain and are making last ditch efforts to control the most vulnerable souls as well as attack those with the brightest light.

Further, the higher frequencies now on the planet are magnifying all human characteristics, and those that are darkly-inclined are showing that intensification

through increasing hostility, greed, violence and apathy toward those who are suffering and in desperate need.

So, while not all of the dark skirmishes are past, we urge you to be encouraged by each that arises - it means that the vanquishing of the darkness is that much nearer. Rejoice in knowing that its momentum is close to to the point of exhaustion because all of you who are living your light are helping to speed it to conclusion.

NESARA: The Financial Side of a World That Works for Everyone

September 29, 2018

<https://goldenageofgaia.com/2018/09/29/nesara-the-financial-side-of-a-world-that-works-for-everyone-4/>

From July 27, 2011.

I notice in myself a tendency to compartmentalize things like NESARA and consider it only a financial and an economic arrangement. But in fact, it's at once more than that and at the same time simply a facet of a greater whole. How can I describe that? Hmmm....

There are many sides to that discussion. The first one I'd like to mention is that we're moving towards unitive consciousness and NESARA is a way of behaving economically that translates unitive consciousness into financial behavior.

Unitive consciousness as a social matter produces, as Werner Erhard pointed out so many years ago, "a world that works for everyone, with no one left out." (1) That's where we're headed. That's what we're building.

If we were to consider a world that works for everyone from a spiritual point of view, we'd be talking about tolerance for other people's religions, their paths, their disciplines, and their traditions.

If we were to consider a world that works for everyone from a medical standpoint, we'd be talking about universal accessibility to health care at no cost. We'd be

talking about everyone having what they needed and the entire society operating in a manner that looked to and ensured that universal accessibility occurred.

If we were to consider a world that works for everyone from the standpoint of finances and economics, then we'd be talking about NESARA. So NESARA is an arrangement that captures how unitive consciousness invites us to operate financially. NESARA is an arrangement that expresses a world that works for everyone in financial terms or the financial behavior of people who embrace the ideal of a world that works for everyone.

Secondly, we need to consider that the society that enjoys NESARA will not be the same society that is standing here, now, looking forward. Oh, yes, the same people, but not the same mindset, mood, or experience. The energies continue to rise on this planet.

We cannot understand what life will be like under NESARA thinking from where we are now. Einstein once said that our social problems cannot be solved thinking from the level at which the problems were created.

More competition will not make competition disappear and cooperation establish itself on Earth. More predatory conduct will not see predatory conduct disappear. As I said a while back, if we want predatory competition to disappear, we have to stop the train and lay new track.

But more to the point we cannot imagine our changed society looking from the standpoint of our unchanged society. These eyes cannot see or imagine those days. Fortunately we have a host of ascended beings who are looking through those eyes and *they* can imagine it and are creating it for us or we might never have NESARA.

NESARA mandates that borders fall. NESARA presupposes that the current tax structure be gone, debt disappear, and that government serve significantly different purposes than it does now. We can't project our current situation into the era in which NESARA exists. This current society is falling away and NESARA will see entirely new social arrangements being nurtured and put in place.

Thirdly, NESARA will be part of a wider program that will see us using replicators, if I'm correct in my understanding, robots, better computers, anti-

gravity vehicles, and so on. It doesn't make sense to consider how we'll use Earth's resources under NESARA because, by then, we probably won't be using Earth's resources very much compared to now. It isn't as useful to consider how we'll work under NESARA because a lot of work will disappear. And lest we think we'll be bored, we need to remember that blissful people are very seldom bored.

So I just encourage us to understand and acknowledge all the changes that will occur along with NESARA, how our mood and experience of life will be altered by then, and how NESARA itself is just a part of a total program that will revolutionize life, and is not simply a new currency, gold standard, and debt forgiveness. NESARA is a step along the road to Ascension itself and a "middle-ground" arrangement that is better than this and not as good as that. And it can't be imagined coming from or extrapolating from life as it is now.

NESARA and the Revaluation – Part 1/2

July 6, 2013

<https://goldenageofgaia.com/2013/07/06/nesara-and-the-revaluation-part-12/>

Part of treasure trove of platinum recovered from American warships sunk off the Philippines

NESARA stands for the "National Economic Security and Reformation Act," which was passed by a rump of the American Congress composed of the only members considered not corrupt. There is much misinformation and disinformation on NESARA. If you look in the "Library" on this site, you'll find copious material on the subject. (1) More appears in the *First Contact* database. (2)

My understanding is that there are a large number of tributaries of the prosperity program and not a lot is said about the subject because saying too much could simply multiply cabal resistance to it.

There are the farm claims and other claims programs, about which I know little. There is money that has been reclaimed from the Illuminati over many years, including from ships laden with platinum, silver, currency and bonds sunk in the Pacific by the cabal to be brought up later. We've posted a great deal on these on the blog perhaps a year ago. (4) Said SaLuSa on the subject:

\$100,000 bills recovered from Philippine treasure ships.

“As we have told you many times, wealth also will be re-distributed and we are already starting to recover hidden caches of valuable metals. . . . You will have sufficient to ensure that everyone is above the poverty levels that so many are experiencing now.” (5)

For many years now, the galactics have been redirecting Illuminati funds into NESARA coffers. Here is Matthew Ward on the subject in 2004:

“ET technology will be directed at electronic issues wherein money movement will not go the way the dark forces intend and undetectable glitches in their communication efforts will create confusion and errors.

“I am not speaking ‘out of school’ here as the dark forces are aware that this has started happening and they cannot locate the origins or detect and correct the flaws. This adds to their fear that they are losing control and their activities will become even more clumsy and obvious until all is ‘brought to light.’” (6)

Matthew tells us that the money so recovered will be used for our benefit:

“The Illuminati's illegally and immorally garnered fortunes will be put into circulation and their exploitation of natural resources worldwide will end. Since that power base is what enabled them to set government and banking

policies and own multinational corporations, those corrupt controls also will end.

“The huge debts of the poorest nations were incurred by their state of desperation, often caused by Illuminati actions and influence; but the loans went to the despots ruling the countries and did not benefit the citizens, so those debts will be annulled and assistance given directly to the people.”

(7)

He says the same thing on another occasion:

“The unspeakable fortunes illegally amassed by the top Illuminati will be returned to circulation, and since those fortunes enabled them to control governments, banking and multinational corporations, that control will end. ...

“The Illuminati money [will] be distributed wherever the need is greatest.”

(8)

People may find it a bit of a stretch but it's my understanding that galactics have brought gold to Earth to be part of the abundance plan. I haven't been able to locate the discussion of this in the channeled messages but I do recall seeing mention of it a few years ago.

SaLuSa told us in 2012 that the cabal would fall apart and not be allowed to resurrect itself.

"The financial wing of the cabal has ... fallen apart, and it will not be allowed to be resurrected in its old format. In fact as fast as they plug one hole another appears elsewhere, and in the end a new system will be the only answer.

“As the old one falls apart so it is revealing the extent of malpractice and corruption that has taken place for a very long time. So do not worry about the continuing problems, because at a future date not so very far away it will change for the better.” (9)

He assured us that “abundance will see the return of prosperity and a fair and equitable sharing of your wealth. You will gradually move into a new phase of life that will be a prelude to Ascension, and bring you nearer to the Oneness that you will enjoy.” (10)

He revealed that the galactics have no need for money:

“Dear Ones, we have no requirement for money as everything is shared, and each soul’s requirements are provided to ensure they have the best standard of life possible. When you have no such needs the quality of life is idyllic, and allows for ample time for the pursuance of personal interests.” (11)

But they do have a use for gold, which is important to human development, Matthew tells us.

"In highly evolved civilizations, gold is naturally an ingredient of their bodies because it is one of the most beneficial elements in the universe.

"As the microcosm of the universe that each of you is, this is how it applies to you: Gold enhances brain functioning and contributes to physiological stability through cellular regeneration.

"Throughout the eons of deterioration of human intelligence and the loss of knowledge that each life form started in the pure love essence of Creator and is a part of the Supreme Ruler of this universe, the use of gold went from health to wealth.

"It spiraled downward from its vital role in spiritual clarity and physical well being to its use as jewelry and other objects of opulence and eventually became the foundation for some economic systems.

"Gold also is an important part of higher civilizations' technology. The earliest visitors to your planet went there precisely to look for gold, and upon discovering it, kept this a secret so they didn't have to share their find with any other civilizations." (12)

SaLuSa informed us that there will be no need for us to toil for the necessities of existence:

"The labours of life as you now experience them will no longer exist, and you will not toil and work your knuckles to the bone to exist. It has only been the greed for power and wealth by the richest families in your world, that has limited your progress towards such a society on Earth." (13)

The abundance program will see a new way of thinking arise, according to Diane of Sirius:

"It is your God-given right to enjoy peace and happiness, but it requires a great lifting up into the Light so that it is achieved through the loving intent of you all.

"Once the new plan starts to manifest, you shall see the benefits of moving into a new way of thinking and sharing that will bring you all together. Gone will be the thrust that has promoted the class distinctions based on wealth, and money will quickly cease to be a measure of success." (14)

SaluSa tells us that we were never meant to be wage slaves.

"There will be an entirely new mindset that puts others first, until everyone has a fair share of the benefits of all labours. Work will not in fact occupy you to the extent it does now, and more than ample time will be available

to follow more leisurely pursuits. You were never meant to be the slaves of those corporations that demand so much from their workers.” (15)

The revaluation that's taking place is intended to right inequities. It's also meant to benefit war-torn countries, veterans, etc.

I'm under the impression that it won't be possible for the cabal to benefit from it but I have to say that I'm extrapolating from what has been said about NESARA when I say that.

“In 1938, there was gold – seven giant US battleships’ worth of gold that was held by the Asians, that was shipped to the US, that was put on deposit secretly with the Federal Reserve. And bonds were issued in exchange for this money. There was supposed to be a plan in Bretton Woods that this – the Bretton Woods Agreement of 1944 is when, after World War Two, all of this gold confiscation was complete. One insider told me that he toured a facility personally in which you walk down the hall, it’s a mile long, there are doors on either side of the hall, [and] each of those doors leads into a room the size of a basketball gymnasium in which there are gold bullion bars, in bricks, stacked floor to ceiling. ...

“It’s apparently the biggest secret there is. And they don’t want you to talk about this, but it appears that, you know, there’s.... The gold is kept in underground facilities. It’s kept – there are sunken ships at the bottom of the Marianas Trench and elsewhere throughout southeast Asia, where this gold is being kept. There is a treasure room on the island of Taiwan, underneath the island, that was hand dug by laborers. It is 40 miles by 50 miles wide and seven terraces deep. Apparently half of this entire room is filled with gold on one side and the precious treasures of China on the other side.” (“Transcript of David Wilcock Interview on Whistleblower Radio, Dec. 14,” at <https://goldenageofgaia.com/world-disclosure-day/the-time-of-troubles/transcript-of-david-wilcock-interview-on-whistleblower-radio-dec-14-2011/>.)

NESARA and the Revaluation – Part 2/2

July 7, 2013

<https://goldenageofgaia.com/2013/07/07/nesara-and-the-revaluation-part-22/>

Gold apparently has many benefits beyond the financial.

(Concluded from [Part 1](#).)

Of the revaluation, Archangel Michael said recently on *An Hour with an Angel*:

“This gift of abundance and economic freedom ... is part and parcel of the restoration.” (1)

In another interview, I asked AAM what the connection was between the reval and the arrival of NESARA:

Steve Beckow: What is the relationship between the revaluation and the commencement of NESARA?

Archangel Michael: It is a political connection but do not draw them too close together. It is a restructuring of your financial system and your belief systems that are reflective of your financial systems. So it is sequential.

SB: Okay. There’s a line of commentary going on on the internet that says that NESARA is not going to happen. The revaluation will leave the same

financial elite in place and we'll just have some minor improvements. Is that a correct line of commentary?

AAM: That is a completely incorrect assessment. (2)

Many lightworkers take their information from “insider” sources and these commentators feel that the situation is far more severe than it is. I prefer to take my information from credible channeled sources and they tell a different story, which is why on the blog we're not as up in arms as many of the insider lightworkers are.

An example of where we differ could be taken from their treatment of President Obama. The President does things that look suspicious but we find out later that there are reasons for them.

For instance, we heard in Matthew's June 11, 2013 message why it is that the President supports NSA spying:

"This is an appropriate place to address questions that many readers have asked: How can US President Obama defend the National Security Agency's collection of data from citizens' private telephone conversations and Internet records? ...

"President Obama defended NSA's data gathering, which was authorized in the Patriot Act passed during George W. Bush's administration, on the authentic basis that it has led to discovering and thwarting numerous terrorist plans.

“What the president cannot say—and Bush never would—is that the most extensive terrorist acts that met failure and most of the lesser plots that also got shot down were those devised by the CIA faction under Illuminati control.

"Neither can Obama disclose that ETs are working in the NSA and other agencies in that country and in several others. They are collecting and analyzing information on all Illuminati activities around the globe and using it to weaken their operations and obtain evidence for prosecution. When this has served its purpose—bringing to its final moment the

Illuminati reign—the Patriot Act and also Homeland Security will come to an end." (3)

Only the Company of Heaven would be aware of matters such as this and only people who read channeled messages would hear about them.

Moreover, many "insider" lightworkers who don't accept the validity of channeled messages wouldn't buy this line of argument even if they did read them. So we may have to wait until the total truth is known before matters like these are corroborated and the President vindicated.

But it does suggest that lightworkers might be advised to stay away from the anger that many who rely on "insiders" feel today. Matters are being seen to and soon the reval and then NESARA will be here and our travails and poverty will probably be over.

Groundswell for NESARA and the Reval

Sept. 12, 2023

<https://goldenageofgaia.com/2023/09/12/347842/>

NESARA was widely known and supported prior to 2009 when the blog started

Whatever one's complaints may be about NESARA (the National Economic Security and Reformation Act and the economy it mandates) and the Reval (the Global Currency Reset), one cannot dispute that it's never been so widely known as it is now. (1)

It seems every commentator has their take on it. Which is wonderful. That growing groundswell alone should have an impact on getting over deep-state resistance to it.

Back in 2013, when I started buying currency, I asked Michael if it was alright to do so. He replied that they were chuckling over it. He explained:

Archangel Michael: There are some of you that have heard our whisper to go and buy dinar or dong, etc. ... We are always planting these ideas. (2)

As an aside, the next part of what he says should be heeded by everyone wondering "How am I going to do this?"

Here's how - and you've seen me share ample evidence of being inspired in a sudden flash, as he discusses here:

Archangel Michael: One of the things we do is we also plant the longer view, so that a person who is involved in a highly complex situation — which this is, by the way; because it is not just about money; it is not just about currency; it is about values — in key people we will plant the longer view.

We will inspire, if you wish to use that word, the longer view so that they have, like a flash of lightning, the understanding and all the steps to what can be accomplished many steps out if they simply do A, B, C and D.

And then what we do is we create circumstances — again, beyond the number of variables that you can humanly juggle, although there is that part of you that can assist, and does — but we create situations and combinations of energies that then allow that to come to fruition.

So it is akin to laying out the banquet table, knowing it will be a delightful feast — everything is prepared. Now, can we make you eat? No. But usually — not always, but usually — the inspiration, the vision, the unfoldment that has been planted within is so beautiful and so clear that it is almost like a compulsion on the part of the individual, or in some situations, the group, to proceed in a certain direction. (3)

How many flashes of insight are contained in the pages of this blog? I absolutely know this process to occur. I didn't know the process was managed so fully and so well.

Please add this to your file on the Company of Heaven managing our enlightenment experiences!!! (4)

Well, that's all the permission I needed. Back a decade ago now.

So this is been a long haul for me, which I won't be able to discuss after signing a Non-Disclosure Agreement (NDA). But it's been a longer haul for many other people.

When I started reporting on NESARA in 2009, it was already a mature movement, with its experts, its protests, its literature.

And NESARA nearly happened on 9/11 - 2001! We know what happened instead. (5)

So this has been a long time coming for some people.

Now, nations with more than half the world's GDP are leading the way. All the militaries of the world are coordinating to take down the deep state. Millions of cloaked spaceships above the Earth are putting limits on the battle - no nuclear weapons, no world war.

The white hats are steering the deep state more and more into a corner. There are tribunals being held at Gitmo, Guam, and other land bases and on several ships, anchored offshore.

The Marines have intervened in Lahaina, joined by a fleet of vets who kept their uniforms and weapons and seem to have commandeered some flat-bottomed landing craft. I wonder where from.

My understanding of the white-hat reaction to Lahaina is that they've responded to it as if it were Pearl Harbor all over again.

They've declared war on the deep state as a result. This was another day that will live in infamy that Hawaii has had to endure.

I'm just going on memory of what I've seen and read. I encourage you to do your own research. I'm not wanting to chronicle events but instead to look at the bigger picture.

The white hats know that our star family will not permit the explosion of nuclear weapons in space. It has a devastating impact on souls in other dimensions, which is why they stopped all use of them after 1945. (6)

Whether the deep state knows that or believes it is an open question.

But the white hats, as I understand it, are maneuvering the deep state more and more into checkmate, to use their term.

The deep state is progressively deprived of finances with all the financial maneuvering that's happening now (BRICS, NESARA, Reval, leadership tribunaled, QFS, EO sequestering funds of human-rights abusers, etc.).

Without the money to pay for it all, its operations may spin off in many directions and sputter out. At least that's (my) hope.

Also, as the love energies rise and expand on Earth, many deep-state folks will die of natural complications, unable to stand the higher vibrations. And after they transition, they, like everyone else, will face the consequences of their actions. (7)
As SaLuSa tells us:

SaLuSa: Bear in mind that whatever happens where your dark ones are concerned, they will stand in the Halls of Justice before they start a new experience. (8)

Whatever the case, in my estimation, the white hats are poised and waiting for the right time to spring their trap. And at the same time they do, I think they'll announce NESARA and the Reval.

I don't think anyone, except the darkest minds in the deep state, want the economy to totally crash and fail. Rebuilding the broken networks would be a difficult and

painful process. So I think the militaries of the world will intervene before that point to save the basic economic infrastructure.

And we as a global society then begin our journey through a joyful celebration or a painful awakening - both going on simultaneously.

This time I hope we don't repeat the hateful exchanges that marked the vaxxer/anti-vaxxer discussions.

The rebound of the Nazis after WW2 should show us that the world will not be safe from a re-infestation of elitism until the deep state's power base is utterly dismantled and gone - on all levels. (9) The galactics are playing a role here as well.

I end by referring to the Plan of the One whose opinion really matters - the Divine Mother. She says the victory of the darkness is not in her Plan; only the victory of love:

Divine Mother: [I am speaking about] those in ... positions where control and abuse of power have been rampant. That will not be the platform [from] which integration of the various galaxies [entry into the new region of space] takes place. That is not the Plan.

I know very clearly, sweet one, as do you, if it is not [in] my Plan, then it will not occur. (10)

Divine Mother: Make no mistake, Sweet One, Love will win because that has been my Plan always. (11)

Archangel Michael: Where our forte is is, yes, exposure so that it doesn't re-entrench itself because this is rather entrenched behaviour on all kinds of levels.

So you start to bring forward the justice, the truth solutions and it is not merely (and I say this very cautiously) forgiveness but it's the application, yes, of compassion, patience, determination, vigilance ... so that this does not occur and reoccur and re-entrench.

So you are speaking in neutral ways about the events that are uncovered, pointing to the deeper systemic, ancient situations that have contributed to this.

And then, you are pointing the way to the new because you cannot create a Nova Society where there is not an understanding, an agreement about what is acceptable in the most basic, human-rights ways. (Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, Jan. 18, 2020.)

Saul: The New Worldwide Monetary and Financial System

May 5, 2010

<https://goldenageofgaia.com/2010/05/10/saul-the-new-worldwide-monetary-and-financial-system/>

(Excerpt)

A new monetary and financial system has been carefully designed to provide long-term stability instead of short-term distortion....

Don't become upset as the markets flounder and then founder, as this will only be a temporary destabilization which is a necessary precursor to the establishment of the new worldwide monetary and financial system.

The new system will enable the distortions and errors — which the inadequacies of your present system allowed and encouraged — to be set to rights. Then, true global cooperation of a completely harmonious nature, and that is good for all and good for the planet, will be possible and will come into operation.

As economic stability returns, safety valves will be installed to ensure that the liquidity of the financial system can no longer be threatened or drained away by unseen or unexpected leaks. Investment in necessary, environmentally sound industries will grow, while unsustainable and damaging industries will wind down and then cease operations.

With abundant free energy readily available wherever needed, coal mining and oil “harvesting” and exploration will first be greatly reduced and then finally cease, as the industries that require that kind of energy become obsolescent. Cleaning up and repairing the damage that those basically barbaric industrial conglomerates have caused will be a major task in the next few years, and much, in your terms, technologically very advanced assistance will be provided to ensure that this is done cleanly and efficiently.

World poverty will be completely alleviated as everyone’s energy and food needs become available in abundance locally, removing the need for much of the major freight transportation worldwide. The speed with which your damaged environment will be restored and healed will amaze you.

As peaceful, intelligent, and harmonious cooperation in all areas of your lives replace the stressful, competitive, and confrontational disharmony that has been standard on the planet for so long, personal stress and anxiety will dissolve, leading to an enormous reduction in sickness and ill health. Unhealthy life styles will fall away as you all start to find joy, peace, and love in every moment of your existence, and this will remove the need for escape from the constant pressure of survival issues with which so many of you are presently struggling.

One of the results of these life style changes will be an astonishing falloff in addictive behavior of every kind — drugs, alcohol, food, anger, abuse, and all other forms of depraved behavior such as manipulation, control, blame, shame, and bullying of others — to be replaced by large-scale acceptance of one another as beings to be honored, respected, and cherished.

The need for enforcement agencies will be gone, because when people respect and accept one another as equally valid and worthwhile members of society, the misbehavior that enforcement agencies have been used to stop and prevent will no longer be a major issue. Peaceful, friendly, and enthusiastic cooperation will

replace the legally enforced organization, manipulation, and control of people everywhere.

This sea change in the attitudes and beliefs that humanity holds and expresses is the guiding wisdom that will bring you firmly, positively, and excitedly into the Golden Age for which you have been hoping for so long. Its arrival is imminent. So start to adjust your attitudes in preparation for your move into full consciousness — by not taking things personally, and by refusing to be offended by the behavior of others.

If others behave badly or thoughtlessly, understand that they are distracted by their own pain, and rather than reacting in a similar manner, offer instead compassion and assistance. Indeed, many of you already do this — you have *all* experienced people responding peacefully and kindly in confrontational situations, and you all have within you the loving wisdom to enable you to do likewise. Allow that wisdom to direct your responses in every situation, and delight in the peace and joy it brings into your lives.

It is time to end the blame game! It is very painful, has been going on for far too long, and totally fails to resolve the issues that it is supposed to solve. When you make mistakes admit them, apologize, and cooperate in correcting them. When others make mistakes, instead of blaming and judging them, offer to help correct the ensuing state of affairs.

Loving thoughtful cooperation is the healing salve that enables every mistake to be rectified with the minimum amount of collateral damage. You all have the strength, the wisdom, and the love to behave like that; so do it, and watch in amazement as the world responds in kind. Love is the answer in *every* situation.

With so very much love, Saul.

SaLuSa: Massive Changes are Coming that will Provide the Answers to Present Problems

March 7, 2011

<https://goldenageofgaia.com/2011/03/07/salusa-massive-coming-provide-answers-present-problems/>

Financial changes are being discussed, and they will come into being and so prevent another collapse because of greed and unacceptable trading practices. Small is going to be beautiful and ensure that the moneylenders never again have the power to destroy your lives.

In fact as many of you already know, such changes will be accompanied by an entirely new set up. Monopoly money as you so call it, will not be allowed and in future it will be backed by precious metals. Many know this scheme as NESARA and it is now a part of the new financial set up waiting to be introduced.

The greatest benefit to all will be the forgiveness of debt, thus removing the worries and concerns of so many people. Taxes unfairly taken will be refunded, and a new system will ensure it cannot happen again. Wealth will be spread so that economies can recover quickly, and overcome poverty where it has caused distress and all manner of ailments.

There are a considerable number of loving souls ready to give their time to such projects, and it is yet another way of bringing people together. The Human Race is benign in nature, and it is only the dark Ones that have separated you from each

other. They have set one against another using insidious tactics to promote hatred and division.

Have no fear, Dear Ones. Everything will soon change, giving all of you the opportunity to start anew and bring joy and happiness into your lives as it always could have been.

Nancy B. Detweiler: History of NESARA

August 17, 2011

<https://goldenageofgaia.com/2011/08/17/nancy-b-detweiler-history-of-nesara/>

Nancy Detweiler has produced a year-by-year history of NESARA. The amount of work involved must have been enormous. I don't expect everyone to read the whole article, but it can serve as a reference. I'll create a page for it as well as this post.

Nancy has asked that the following intro be added to this article:

NOTE: Writing a history of NESARA requires locating the separate dots and attempting to put them together to create truth. The original documents are sequestered and those individuals directly involved are still under a strict gag order.

I have used as my foundation a history written by James Rink. My research set out to prove NESARA by locating original documents and articles written by reputable people that illustrated each of the tenets. I have inserted some of these URLs for

these tenets into Rink's history. In my 7+ years of research, I have found nothing to disprove the existence of the NESARA LAW. The internet is loaded with disinformation that can be easily dismissed by research.

Now that information regarding the government/military cover-up of the extraterrestrial presence is in the public domain, we can see parallels of the facets regarding NESARA that many have used to discredit it. Some of these are: deliberate cover-up of information, government/military gag orders, the suspicious death of persons who attempted to tell the truth, control of the media, and the ruining of individual lives and professions.

I encourage all to do your own research and add to the pool of documented evidence on the truth of NESARA.

Now is the perfect time for NESARA to be released to the world!

The National Economic Security & Reformation Act

Compiled by Nancy Detweiler, M.Ed., M.Div., Aug. 17, 2011

<https://pathwaytoascension.wordpress.com/2011/08/17/history-of-nesara/>

1892 – Bankers adopted their Bankers' Manifesto of 1892 in which it was declared: *“We [the bankers] must proceed with caution and guard every move made, for the lower order of people are already showing signs of restless commotion. Prudence will therefore show a policy of apparently yielding to the popular will until our plans are so far consummated that we can declare our designs without fear of any organized resistance. The Farmers Alliance and Knights of Labor organizations in the United States should be carefully watched by our trusted men, and we must take immediate steps to control these organizations in our interest or disrupt them....*

The courts must be called to our aid, debts must be collected, bonds and mortgages foreclosed as rapidly as possible.

When through the process of the law, the common people have lost their homes, they will be more tractable and easily governed through the influence of the strong arm of the government applied to a central power of imperial wealth under the control of the leading financiers. People without homes will not quarrel with their leaders.”

1907-1917 – In order to warn Americans, the 1892 Bankers’ Manifesto was revealed by US Congressman Charles A. Lindbergh, Sr. from Minnesota before the US Congress sometime during his term of office between the years of 1907 and 1917.

1910 – John E. DiNardo, professor of public policy and economics at the University of Michigan, writes in his article “The Federal Reserve Act”: *“On the night of November 22, 1910, a small group of surrogates of the most powerful bankers of the World met ... under the veil of utmost secrecy.*

Over the next few weeks these men would perpetrate, under the orders of their masters, ... perhaps the most colossal and devastating fraud ever inflicted upon the American People.

*This ultra-secret fraud is known as the Federal Reserve Act of 1913.... The Federal Reserve Act of 1913 concocted legislation, to be foisted upon the People’s Congress of the United States, that empowered and commissioned this secret cabal of World-dominant bankers to PRINT UNITED STATES CURRENCY, a usurpation of our Constitution’s explicit edict empowering ONLY THE UNITED STATES GOVERNMENT to print and coin currency. **This world banking empire used their stolen power to print, out of thin air, paper currency which, in no way represents the gold and silver reserves that authentic currency is supposed to represent.”***

1913 – The Federal Reserve Act of 1913 Complete text of Act may seen at: <https://www.ilsdc.org/attachments/files/105/FRA-LH-PL63-43.pdf>

1933 – 1934 – **Prior to 1933, Federal Reserve Notes were backed by gold.** This changed with the new law: Congressional Record, March 9, 1933 on HR 1491 p. 83. *“Under the new law the money is issued to the banks in return for government obligations, bills of exchange, drafts, notes, trade acceptances, and bankers acceptances. **The money** will be worth 100 cents on the dollar, because it is*

backed by the credit of the nation. It will represent a mortgage on all the homes, and other property of all the people of the nation.”

The Bankers’ Manifesto ties in with the U.S. Senate Document No. 43, 73rd Congress, 1st Session (1934), which states: “The ultimate ownership of all property is in the State; individual so-called ‘ownership’ is only by virtue of Government, i.e., law, amounting to mere ‘user’ and use must be in acceptance with law and subordinate to the necessities of the State.”

1970s – The Federal Land Bank illegally foreclosed on farmers mortgages all throughout the Midwest. In each of these cases the farmers were defrauded by the banks with the approval of the Federal Reserve System. These court cases would eventually become known as the Farmer Claims Program.

1978 – An elderly ranch farmer in Colorado purchased a farm with loan from the Federal Land Bank. After he died the property was passed on to his son Roy Schwasinger, Jr., who was a retired military general. Soon after a Federal Land Bank officer and Federal Marshall appeared on his property and informed him the bank was foreclosing on his farm, ordering him to vacate within 30 days. Without his knowledge, his deceased father had signed a stipulation which reverted the property back to the Federal Land Bank in the event of the borrower’s death.

Outraged, Roy E. Schwasinger, Jr. filed a class action lawsuit in the Denver Federal Court system. The suit was dismissed on the basis of incorrect filing. This prompted Roy Schwasinger’s investigation into the inner workings of the banking system.

1982 – Roy Schwasinger was given a contract by the US senate and later Supreme Court to investigate banking fraud. But because he was under a strict non-disclosure order he was not allowed to tell the media what he discovered. In the late 80s he began sharing his knowledge with others including high ranking military personnel who helped him bring about a class action lawsuit against the federal government.

The first series of these lawsuits began in the mid 1980’s when William and Shirley Baskerville of Fort Collins, Colorado were involved in a bankruptcy case with First Interstate Bank of Fort Collins; who was trying to foreclose on their farm. At a

restaurant their lawyer informed them that he would no longer be able to help them and walked-off. Overhearing the conversation Roy Schwasinger offered his advice on how to appeal the case in bankruptcy court. So in 1987 they filed an appeal (Case No. 87-C-716) with the United States District Court in Colorado.

1988 – On November 3, 1988, the Denver Federal Court system ruled that indeed the banks had defrauded the Baskervilles and proceeded to reverse its bankruptcy decision. But when the foreclosed property was not returned they filed a new lawsuit. Eventually, 23 other farmers, ranchers, and Indians swindled by the banks in the same manner would join in the case.

In these cases, the banks were foreclosing on the properties using fraudulent methods such as charging exorbitant interest, illegal foreclosure, or by not crediting mortgage payments to their account as they should have but instead would steal the mortgage payments for themselves triggering foreclosure on the property. After running out of money they continued their fight without the help of lawyers. With some assistance by the Farmers Union a new lawsuit was filed against the Federal Land Bank and the Farmers Credit System. Case No. 92-C-1781

The District Court ruled in their favor and ordered the banks to return the stolen properties with help from either Federal Marshals or the National Guard. But when no payments were made, the farmers declared involuntary Chapter Seven Bankruptcy against the Federal Land Bank and the Farmers Credit System. The banks appealed their case insisting they were not a business but a federal agency therefore they were not liable to pay the damages.

So the farmer's legal team adopted a new strategy. According to the Federal Land Bank's 1933 charter they are not allowed to make loans directly to applicants, but instead could only back loans as a guarantor in case of default. Because the Federal Land Bank had violated this rule the farmer's legal team was able to successfully sue the bank for damages.

Word of the lawsuit began to spread; the legal team would teach others how to fight foreclosure and to help them file lawsuits as well (Case No. 93-1308-M). Celebrities such as Willie Nelson joined in the cause and helped raise money during his "Farm Aid" concerts.

The Baskerville case had now become the Farmer Claims Class Action Lawsuit. Worried about the legal ramifications the government retaliated against the farmers by hitting them with either outrageous IRS fees, or by imprisoning the legal team under frivolous nonrelated charges. When the farmers realized they were being unfairly targeted, they had military generals such as General Roy Schwasinger sit in the courtroom to make sure the bribed judges would vote according to constitutional law.

The farmers now with a large team of knowledgeable people of the law behind them filed a new case to claim additional damages from the fraudulent loaning activities of the Farmers Credit System.

The government tried to settle but they had already lost many cases and were now losing the appeals as well. More and more evidence was collected. According to the National Banking Act all banks are required to register their charters with the Federal and State Bureau of Records, but none of the banks complied, allowing the legal team to sue the Farmers Credit System. Not only was Farmers Credit System not chartered to do business with the American Banking Association, but so were other quasi government organizations such as the Federal Housing Administration, The Department of Housing and Urban Development, and even the Federal Reserve Bank.

The Farmers Claims lawsuit was thrown out of court at each level with the records purposely destroyed. An example of these court cases may be viewed at: <https://openjurist.org/25/f3d/1055/baskerville-jb-v-federal-land-bank-na>

1990s – In the early 1990's Roy Schwasinger brought the case before the United States Supreme Court. Some of the content of this case is sealed from public eyes but most of it can be viewed today.

The U.S. Supreme Court Justices ruled that the Farmers Union claims were indeed valid, therefore, all property foreclosed by the Farmers Credit System was illegal and all those who were foreclosed on would have to receive damages. In addition, they ruled that the U.S. federal government and banks had defrauded the farmers, and all U.S. citizens, out of vast sums of money and property.

Furthermore, the court ruled the shocking truth that the IRS was a Puerto Rican Trust. Read more at: <https://www.supremelaw.org/sls/31answers.htm>

In addition the court ruled that the Federal Reserve was unlawful: <https://www.save-a-patriot.org/files/view/frcourt.html>

<https://www.globalresearch.ca/index.php?context=va&aid=10489>

https://www.apfn.net/doc-100_bankruptcy27.htm

That the income tax amendment was only ratified by four states and therefore was not a legal amendment, that the IRS code was not enacted into “*Positive Law*” within the Code of Federal Regulations. *Positive Law* = Laws that have been enacted by a properly instituted and recognized branch of the government. <https://www.givemeliberty.org/features/taxes/notratified.htm>

That the U.S. government illegally foreclosed on farmer’s homes with help from federal agencies. Irrefutable proof was presented by a retired CIA agent. He provided testimony and records of the banks illegal activities as further evidence that the Farmers’ Union claims were indeed legitimate. The implications of such a decision were profound. All gold, silver, and property titles, taken by the Federal Reserve and IRS must be returned to the people.

The legal team sought assistance from a small group of benevolent visionaries, consisting of politicians, military generals, and business people who have been secretly working to restore the constitution since the mid 1950’s. Somehow within their ranks, a four star U.S. army general received “title” and “receiver” of the original 1933 United States Bankruptcy.

When the case was brought before the U.S. Supreme Court, they ruled in his favor, giving the Army General title over the United States, Inc. Legal action was then passed on to the Senate Finance Committee and Senator Sam Nunn, who was working with Roy Schwasinger.

1991 – With the help of covert congressional and political pressure, President George H.W. Bush issued an Executive Order on Oct. 23, 1991, which provided a provision allowing anyone who has a claim against the federal government to receive payment as long as it’s within the rules of the original format of the case. You may read Executive Order No. 12778 at the URL below.

Executive Order No. 12778 Principles of Ethical Conduct for Government Officers and Employees; October 23, 1991

https://www.doh.state.fl.us/ig/ADR/Federal_Laws/FederalExecutiveOrder.pdf

According to the Federal Reserve Act of 1913, all present and succeeding debts against the U.S. Treasury must be assumed by the Federal Reserve. Thus the farmer's claims legal team was able to use that executive order to not only force the Federal Reserve to pay out damages in a gold backed currency but also allow them to receive legal ownership over the bankruptcy of United States, Inc.

To collect damages the farmers legal team used an obscure attachment to the 14th amendment which most people are not aware of. After the civil war the government allowed citizens to claim a payment on anyone who suffered damages as a result of the Federal Government failing to protect its citizens from harm or damages by a foreign government. President Grant had this attachment sealed from public eyes but somehow, someone on the farmer's legal team got a hold of it.

If you read that carefully, it specifies damages by a foreign government. That foreign government is the corporate federal government which has been masquerading to the public as the constitutional government. See <https://www.freerepublic.com/focus/f-news/813840/posts> for explanations.

Remember this goes back to the Organic Act of 1871 and the Trading with the Enemies Act of 1933, which defined all citizens as enemy combatants under the federal system known as the United States. The Justices and farmer's legal team recognized how evil and corrupt our federal government had become and to counteract this they added some provisions in the settlement to bring the government back under control.

a. First they would have to be paid using a lawful currency, backed by gold and silver as the constitution dictates. This would eliminate inflation and gyrating economic cycles created by the Federal Reserve System. See Article 1, Section 10 of the US Constitution.

b. Second they would be required to go back to common law instead of admiralty law under the gold fringe flags. Under common law if there is no damage or harm done then there is no violation of the law. This would eliminate millions of laws which are used to control the masses and protect corrupt politicians.

c. Lastly the IRS would have to be dismantled and replaced with a national sales tax. This is the basis of the NESARA Law.

When the legal team finally settled on a figure, each individual would receive an average of \$20 million dollars payout per claim. Multiplied by a total of 336,000 claims that were filed against the U.S. Federal Government, the total payout would come out to a staggering \$6.6 trillion dollars.

The U.S. Supreme Court placed a gag order on the case, struck all information from the Federal Registry, and placed all records in the Supreme Court files. Up to that point Senator Sam Nunn had kept the Baskerville Case records within his office. A settlement was agreed to out of court and the decision was sealed by Janet Reno. Because the case was sealed, claimants are not allowed to share court documents to media outlets without violating the settlement, but they can still tell others about the lawsuit. This is why you probably have not heard about this.

1991 – Roy Schwasinger went before a senate committee to present evidence of the banks and governments criminal activity. He informed them how the Corporation of the United States was tied to the establishment of a New World Order which would bring about a fascist one world government ruled by the international bankers.

1992 - A task force was put together consisting of over 300 retired and 35 active US military officers who strongly supported constitutional law.* This task force was responsible for investigating governmental officials, congressional officers, judges, and the Federal Reserve.

*Chief of Naval Operations, Admiral Jeremy Boorda

*General David McCloud

*Former Director of Central Intelligence, William Colby

They uncovered the common practice of bribery and extortion committed by both senators and judges. The criminal activity was so rampant that only 2 out of 535 members of congress were deemed honest. But more importantly they carried out the first ever audit of the Federal Reserve.

The Federal Reserve was accustomed to giving orders to politicians and had no

intentions of being audited. However after they were informed their offices would be raided under military gunpoint if necessary; they complied with the investigation. After reviewing their files the military officers found \$800 trillion dollars sitting in accounts which should have been applied to the national debt. And contrary to federal government propaganda they also discovered that most nations had in fact owed money to the United States instead of the other way around.

These hidden trillions were then confiscated and placed into European bank accounts in order to generate the enormous funds needed to pay the farmers claims class action lawsuit. Later this money would become the basis of the prosperity programs.

Despite these death blows President George H.W. Bush and the illuminati continued on with their plans of global enslavement.

1992 - In August 1992 the military officers confronted President Bush and demanded he sign agreement that he would return the United States to constitutional law and ordered him to never use the term New World Order again. Bush pretended to cooperate but secretly planned to bring about the New World Order anyway by signing an Executive Order on December 25, 1992, that would have indefinitely closed all banks giving Bush an excuse to declare martial law.

Under the chaos of martial law, Bush intended to install a new constitution which would have kept everyone currently in office in their same position for 25 years and it would have removed all rights to elect new officials. The military intervened and stopped Bush from signing that Executive order.

1993 – In 1993 members of the Supreme Court, certain members of congress and representatives from the Clinton government meet with high ranking US military officers who were demanding a return to constitutional law, reforms of the banking system, and financial redress. They agreed to create the farm claims process which would allow the legal team to set up meetings all over the country on a grass roots level to help others file claims and to educate them about the lawsuit.

A claim of harm could be made on any loan issued by a financial institution for all interest paid; foreclosures; attorney and court fees; IRS taxes or liens; real estate and property taxes; mental and emotional stress caused by the loss of property;

stress related illness such as suicide and divorce; and even warrants, incarceration, and probation could also be claimed.

1994 – But the Clinton government undermined their efforts by requiring the farm claims to use a specific form designed by the government. This form imposed an administrative fee of \$300 for each claim, which was later used in 1994 as a basis to arrest the leaders of the legal team including Roy Schwasinger.

The government was so afraid of what they would say during their trial in Michigan that extra steps were taken to conceal the true nature of the case. County courthouse employees were not allowed to work between Monday and Thursday during the course of the trial. And outside the courthouse, FBI agents swarmed the perimeter preventing the media and visitors from learning what was going on as well.

Harassment and retaliation by the government increased, many were sent prison or murdered while incarcerated. Despite being protected by his military personnel the army general who acquired the original 1933 Title of Bankruptcy of the United States; was imprisoned, killed, and replaced with a clone. This clone was then used as a decoy to prevent any further claims from being filed. (I am not qualified to speak on the fact of human clones; however, that they exist is a fairly widely accepted fact among those who study *behind the scenes activities*. You may read more at: https://www.questacon.edu.au/indepth/cloning/arguments_against_cloning.html Don't allow the thought of clones running the government cause you to refuse to consider the veracity of this history. As truth emerges, we will be shocked at much we hear.

During the first Clinton administration the military delayed many of Clinton's federal appointments until they were sure these individuals would help restore constitutional law. One such individual who promised to bring about the necessary changes was Attorney General Janet Reno.

1993 – In agreement with the Supreme Court ruling on June 3, 1993, Janet Reno ordered the Delta Force and Navy Seals to Switzerland, England, and Israel to recapture trillions of dollars of gold stolen by the Federal Reserve System from the strategic gold reserves. These nations cooperated with the raid because they were promised their debts owed to the United States would be canceled and because the

people who stole the money from the United States also stole money from their nations as well.

This bullion is to be used for the new currency backed by precious metals. It's now safely stockpiled at the Norad Complex at Colorado Springs, Colorado and four other repositories. Janet Reno's action so enraged the powers-that-be, that it resulted in her death. She was then replaced with a clone and it was this creature that was responsible for covering-up the various Clinton scandals.

To keep the Secretary of the U.S. Treasury Robert Rubin in line, he too was also cloned. For the remainder of their term in office both Reno and Rubin received their salaries from the International Monetary Fund as foreign agents and not from the U.S. Treasury. Despite these actions the legal team continued on with their fight while managing to avoid bloodshed and a major revolution.

After 1993 the former claims process name was changed to Bank Claims. Between 1993 and 1996, the U.S. Supreme Court required U.S. citizens to file "Bank Claims" to collect damages paid by the U.S. Treasury Department. This process CLOSED in 1996.

During this time the U.S. Supreme Court assigned one or more Justices to monitor the progress of the rulings. They enlisted help of experts in economics, monetary systems, banking, constitutional government and law, and many other related areas. These justices built coalitions of support and assistance with thousands of people worldwide; known as "*White Knights*." The term 'White Knights' was borrowed from the world of big business. It refers to a vulnerable company that is rescued from a hostile takeover by a corporation or a wealthy person—a White Knight.

To implement the required changes, the five Justices spent years negotiating how the reformations would occur. Eventually they settled on certain agreements, also known as *Accords*, with the U.S. government, the Federal Reserve Bank owners, the International Monetary Fund, the World Bank, and with numerous other countries including the United Kingdom and countries of the Euro Zone. Because these U.S. banking reformations will impact the entire world; the IMF, World Bank, and other countries had to be involved. The reformations require that the Federal Reserve be absorbed by the U.S. Treasury Department and the banks' fraudulent activities must be stopped and payment must be made for past harm.

1998 – The military generals who originally participated in the farmer’s claim process realized that the US Supreme Court justices had no intentions of implementing the *Accords*. So they decided the only way to implement the reformations was through a law passed by congress.

1999 – A 75 page document known as the National Economic Security and Reformation Act (NESARA) was submitted to congress where it sat with little action for almost a year.

2000 – **Late one evening on March 9, 2000, a written quorum call was hand-delivered by Delta Force and Navy SEALs to 15 members of the US Senate and the US House who were sponsors and co-sponsors of NESARA. They were immediately escorted by the Delta Force and Navy SEALs to their respective voting chambers where they passed the National Economic Security and Reformation Act.**

These 15 members of congress were the only people lawfully allowed to hold office in accordance with the original 13th amendment. Remember British soldiers destroyed copies of the Titles of Nobility Amendment (TONA) in the war of 1812 because it prevented anyone who had ties to the crown of England from holding public office.

NESARA is the most ground-breaking reformation to sweep not only this country but our planet in its entire history. The act does away with the Federal Reserve Bank, the IRS, the shadow government, and much more.

NESARA implements the following changes:

1. Zeros out all credit card, mortgage, and other bank debt due to illegal banking and government activities. This is the Federal Reserve’s worst nightmare, a “jubilee” or a forgiveness of debt.
2. Abolishes the income tax.
3. Abolishes the IRS. Employees of the IRS will be transferred into the US Treasury national sales tax area.

4. Creates a 14% flat rate non-essential *new items only* sales tax revenue for the government. In other words, food and medicine will not be taxed; nor will *used* items such as old homes.
5. Increases benefits to senior citizens.
6. Returns Constitutional Law to all courts and legal matters.
7. Reinstates the original Title of Nobility amendment.
8. Establishes new Presidential and Congressional elections within 120 days after NESARA's announcement. The interim government will cancel all *National Emergencies* and return us back to constitutional law.
9. Monitors elections and prevents illegal election activities of special interest groups.
10. Creates a new U.S. Treasury *rainbow currency* backed by gold, silver, and platinum precious metals, ending the bankruptcy of the United States initiated by Franklin Roosevelt in 1933.

October 10, 2000 - Because President Clinton's clone had no interest in signing NESARA into law on October 10, 2000; **under orders from U.S. military generals, the elite Naval Seals and Delta Force stormed the White House and under gunpoint forced Bill Clinton to sign NESARA.** During this time Secret Service and White House security personnel were ordered to stand down, disarmed, and allowed to witness this event under a gag order.

From its very inception Bush Sr., the corporate government, major bank houses, and the Carlyle group have opposed NESARA. To maintain secrecy, the case details and the docket number were sealed and revised within the official congressional registry, to reflect a commemorative coin and then again it was revised even more recently. This is why there are no public Congressional Records and why a search for this law will not yield the correct details until after the reformations are made public.

Members of congress will not reveal NESARA because they have been ordered by the U.S. Supreme Court Justices to *deny* its existence or face charges of treason punishable by death. Some members of Congress have actually been charged with *obstruction*. When Minnesota Senator Paul Wellstone was about to break the gag order, his small passenger plane crashed killing his wife, daughter, and himself.

If fear isn't enough to keep Washington in line, money is. Routine bribes are offered to governmental/military officials by the power elite/secret government.

Not surprisingly, much disinformation about NESARA can be found on the internet. Wikipedia's article is total disinformation. Dr. Harvey Francis Barnard's NESARA bill—National Economic Stabilization and Recovery Act was rejected by congress in the 1990s. Dr. Barnard was a systems philosopher and had tried for years to interest Congress in his monetary reform suggestions. A testimony by Dr. Barnard's close friend, Darrell Anderson, may be read at: https://www.simpleliberty.org/bookshelf/draining_the_swamp.htm You may also read articles by Darrell Anderson at this site. Both men were interested in monetary reform.

September 11, 2001 – The next step is to announce NESARA to the world, but it's not an easy task. Many powerful groups have tried to prevent the implementation of NESARA.

The NESARA law requires that at least once a year, an effort be made to announce the law to the public. Three then current US Supreme Court judges control the committee in charge of NESARA's announcement. These Judges have used their overall authority to secretly sabotage NESARA's announcement.

In 2001 after much negotiation the Supreme Court justices ordered the 107th Congress to pass resolutions *approving* NESARA. This took place on September 9, 2001, eighteen months after NESARA became law. On September 10, 2001, George Bush Sr. moved into the White house to steer his son on how to block the announcement. The next day, on September 11, 2001, at 10 AM Eastern Daylight Time, Alan Greenspan was scheduled to announce the new US Treasury Bank system, debt forgiveness for all U.S. citizens, and abolishment of the IRS as the first part of the public announcements of NESARA.

Just before the announcement at 9 am, Bush Sr. ordered the demolition of the World Trade Center's Twin Towers to stop the international banking computers on Floors 1 and 2 in the North Tower from initiating the new U.S. Treasury Bank system. Explosives in the World Trade Center were planted by operatives and detonated remotely in Building 7, which was demolished later that day in order to cover-up their crime.

Remote pilot technology was used in a flyover event to deliver a payload of explosives into the Pentagon at the exact location of the White Knights in their new Naval Command Center who were coordinating activities supporting NESARA's implementation nationwide. With the announcement of NESARA stopped dead in its tracks, George Bush Sr. decapitated any hopes of returning the government back to the people.

For the past 10 years, life in the USA, and numerous other countries, has been dictated by the *staged terrorist' attack* and its repercussions. Seldom does a day go by that we do not hear mention of 9/11.

UPDATE TO NESARA: On May 30, 2010, the woman responsible for keeping NESARA within the public memory died. Since she and the bill have been very controversial, her death is likely to stir re-newed interest in NESARA.

NESARA is a concept whose time is NOW, whether or not this concept was ever signed into law by the US Congress and sitting President—a fact we have a hard time verifying within our climate of disinformation. It's time is NOW because we are nearing the end of a World Age and the life patterns we have know. 2012 marks the end of the old ways and the beginning of the new—or as NESARA was conceived to accomplish--“the return to the Constitution OF our nation.” I stress “OF” our nation because what NESARA attempts to do is return our nation to the Constitution created by our Founding Fathers and away from the constitution FOR the USA, Inc., under which we have lived for the entirety of my life and most of yours.

It doesn't matter whether an actual law named NESARA existed. What matters greatly is that each of the tenets included in NESARA have been researched by many and can stand alone as an example of how the Constitution OF our nation has been shoved aside and the Constitution FOR the USA, Inc. has taken its place.

I encourage you to read the articles listed under each tenet in an effort to determine for yourself just what has been taken from our nation and its people. Then decide whether or not you want NESARA to be real in your life and nation.

NATIONAL ECONOMIC SECURITY & REFORMATION ACT

The panorama of NESARA extends back in time for over one hundred years and involves thousands of home and farm foreclosures. These foreclosures were a

result of fraudulent bank practices instituted as early as 1892. See the 1892 and 1934 [Banker's Manifesto](#).

Pathway To Ascension encourages its readers to carry out your own research. Seek the original documents to prove, to your satisfaction, that the research I have presented is fact.

Truth is discovered as we maintain an open mind and do our own homework as responsible citizens. Numerous persons, not necessarily trained in law, are presently engaged in legal research. A treasure chest, filled with their findings, is available on the internet. However, every American has a constitutional duty to educate self, concerning every facet of our societal system. We, the people, must know the problems before we can discover the solution; for, within the problem the solution is hidden. Once we know the difficulty, it is our responsibility—as the governing body of our nation—to establish the solution in accordance with the highest good for all Americans.

Thanks to a very dedicated woman, code-named Dove, NESARA did not pass into oblivion, much to the chagrin of those who imposed the very strict gag-order upon it. For years, Dove circulated a daily update on NESARA. As a result, NESARA has grown from a national law—enacted to correct the grievous wrongs perpetrated on the American people by the banking industry, government, mega corporations, and the media—to a set of principles desired throughout the planet. NESARA is now a universal structure within which improvements in every nation will take place.

A strong contributing factor to worldwide knowledge of NESARA is the more than 40 demonstrations carried out by NTAT (NESARA Take Action Team) members residing in Europe. These demonstrations took place in front of the Peace Palace in the Hague, Netherlands (also called the World Court).

Whether or not NESARA was actually signed into law by the Clinton administration, it represents the will of the people worldwide. NESARA is the 2012 version of America's 1776 Declaration of Independence.

Gaia—or Planet Earth—will undergo tremendous changes during the remainder of 2012 and beyond. Becoming familiar with some of the major concepts behind this transformation will allow us to discern truth and participate wisely.

During the 40+ weekly demonstrations for NESARA in front of the Peace Palace, Hague, Netherlands, NESARA Take Action Groups requested—from the countries of the world—banners announcing their support. This banner is from New Zealand. Additional banners may be seen at: <https://>

www.pathwaytoascension.com

NESARA, as the 2012 worldwide version of America's Declaration of Independence, reiterates the demand of the people of the world—that their unalienable (God-given) Rights to Life, Liberty, & the Pursuit of Happiness be recognized and all impediments to the unfolding of these Rights be removed.

As excitement builds in anticipation of the sweeping changes emerging on our planet, I call your attention to the following articles.

GESARA Notes by James Rink

New Dimension, June 12, 2020

(<https://newdimension2012.blogspot.com/2020/06/gesara-notes-by-james-rink.html>)

THIS IS HAPPENING NOW .. DONALD TRUMP AND THE REST OF THE NATIONS HAVE MADE THIS HAPPEN .. NOW ... PLEASE READ ... THIS WILL BE COMING OUT SOON .. HERE IS THE PROOF..

No Poverty, No Hunger, No Debt, Only Global Prosperity, and Peace for ALL!

NESARA has merged with GESARA

Alliance sources are claiming that NESARA no longer is needed in America, since last month Trump signed the revised Paris Agreement, in which GESARA was secretly embedded. Therefore, NESARA, which originally was destined for the Republic of America, has merged with GESARA.

The announcement of GESARA at the U.N. will now affect the Republic along with the rest of the world amounting to a total of 206 sovereign nations.

The new financial system is part of GESARA law.

The IMF will announce the “global gold-standard monetary system” once GESARA is announced at the U.N. All remaining fiat currencies will be cashed in for gold-standard currency. Paper money will eventually be phased out and all currencies will be digital under the new financial system.

The Alliance’s goal is to make the transition event simple, smooth, and swift.

The new financial system has been online for months and is hosted on a protected quantum server that cannot be hacked or accessed without permission.

Notably, the wealth proliferation aspect is actually very stabilizing. People who have new-found wealth in extremes are far more likely to feel able to help their relatives, their close friends, their fellow citizens. They are more likely to engage in humanitarian efforts. This is wealth building.

The RV might see a shortage of qualified workers. This is wealth building. But this then leads to higher wages and salaries. That will be reflected in prices, but this is counter-balanced by a drop in taxes of, in some cases, up to 80% of the final product cost price.

Which would result in deflation. As prices drop, savings increase for the worker and their family. This builds wealth. Energy costs too are now an important component of the cost mechanism for any product. Energy costs will also drop as a result of free-energy and new technologies.

The future will be unbelievable. Our lives will evolve immensely.

The dark cabal is on the ropes and some of the new – suppressed – technologies that are being released date back 70 years or more. Suppressed technology is "New" to us, but in reality, it is very "Old." Some go back millions of years.

For example: the purified waters of Antarctica will be used to ‘turn the deserts green’ and ‘restore mineral life’ to all plants and living things. The future will be unbelievably complete with Cards for our own Personal Credit.

The application of "Replicators" that can produce everything. And surely most importantly, 'a new awareness' of the 'power of our mind' in order to 'display' our needs. And soon also available 'real health care' to make people healthy instead of sick, to regrow limbs or organs, or to reduce our age by 30 years.

Money and banks are tools of the cabal to control us, with their debt-based economy which can never bring prosperity. Consequently, paper money and banks will eventually disappear. Coinage will not.

In the future, we will join 'The Galactic Federation of Light' and then live among other off-world races, trade with them and travel to other planets inhabited with humanoid or alien life, which the secret space program has already been doing for decades.

The greatest short-term affect will be that the RV will create a large surge in consumers over time. Corporations that responsibly produce things that people really need will see a huge surge in business and profits for many years to come. This is wealth-producing. Because a huge aspect of GESARA is the elimination of the national debt of every nation on earth, taxes will be adjusted to be lower for citizens and corporations.

The pyramid structure of the global elite, including most governments, and corporations, has become dysfunctional. It created class separation and fosters the belief of scarcity.

Part of spiritual evolution is born when one's identity is no longer attached to material matters.

When there is free energy, transportation and replicators distributed to everyone, we will become equal. No one will be enslaved, people will just do what they want to do, have free time, time to reflect and be creative. No need to hoard anything.

Advanced civilizations don't wonder where their next meal is going to come from, how they are going to pay for their rent, how they are going to get from A to B.

The dark cabal has had time enough to change gracefully, but they have failed dismally. People will live in the moment of now, i.e. growing their own food, and also food for others. These activities don't need belief systems, they are

spontaneous. Many people are actually going to enjoy their jobs as they experience it gives them meaning and purpose, another way to serve. Those that don't hold jobs will find alternative ways to experience happiness and contribute to the common good.

However, fundamentally, real change lies in a shift of your consciousness and thinking. As the time approaches for a great change in our society, it is time to transform pain and suffering from past experiences into joy, peace and prosperity! A new day is dawning that will bring in a caring and respectful epoch for humanity!

As you grow in consciousness, respect for each other takes on a new, expanded meaning. Respect is not for personal gain. It is your sovereign right. Unity consciousness honors and holds every soul in high esteem at all times. Respect will transform society and push it blessedly toward a new outcome. Respect for every individual will be the norm. It is the lynchpin for our new and transforming society, based on Unity Consciousness.

GESARA is an acronym for Global Economic Stabilization and Recovery Act or Global Economic Security and Reformation Act. There is an ongoing dispute about what the true name is, according to the information I read. It is the most groundbreaking reformation act to sweep the planet to restore worldwide prosperity, peace, and a New Golden Age that works for everyone, and not just for a few elite.

GESARA was voted to be implemented by all 209 sovereign nations of the world, per the signed 2015 Paris Agreement on Climate Change, starting with the restored Republic of the United States (known in the USA as NESARA – National Economic Security and Reformation Act or National Economic Stabilization and Recovery Act). In the United States, this single act does away with cancers like the Federal Reserve Bank, Internal Revenue Service (IRS) and USA, Inc. shadow government, plus so much more! Implementation of GESARA is imminent.

Why is GESARA necessary?

Planet Earth and humanity are experiencing The Great Shift of Consciousness, also known as Ascension or The Great Awakening into Unity Consciousness. Mother Earth is returning to be a sacred planet, and is taking the entire human population with her (whoever wants to go). It's a golden age beyond our wildest imaginations.

The “dark cabal” governing authority has intentionally and methodically hidden humanity's historical truth (including extra-terrestrial occupation and genetic tampering) for over 13,000 years or more. It's plan was to enslave humanity for its own selfish ends. It almost succeeded.

The Galactic Federation of Light and the Forces of Light have been tasked by Prime Creator Source to stop and reverse the momentum of this rebellious and blatant dark cabal, and put an end to its deceit and to help humanity and Mother Earth bring into alignment the goals of The Great Shift in Consciousness.

Here's a short description of GESARA's mandate in the United States:
Abolishes the Internal Revenue Service (IRS), with employees of the IRS will be transferred into the US Treasury national sales tax area.

-
- Abolishes Federal Income Taxes in the U.S. Creates a 17% flat rate non-essential new items only sales tax revenue for the government. In other words, food and medicine will not be taxed, nor will used items such as old homes.
 - Cancels all credit card, mortgage, and other bank debt due to illegal banking and government activities. Many refer to this as a “jubilee” or complete forgiveness of debt.

Note: We got a soft confirmation on this from Benjamin Fulford's March 23rd report. His European royal family sources said that a write off of all debts was in the works.

- Restores Constitutional Law to all courts and legal matters in the Republic of the United States of America. Retrains all judges and attorneys in Constitutional Law.
- Initiates new U.S. Treasury Banking System in alignment with Constitutional Law. Eliminates the Federal Reserve System. During the transition period, the

Federal Reserve will be allowed to operate side by side of the U.S. treasury for one year in order to remove all Federal Reserve notes from the money supply.=

Note: On March 27, 2020, Q-Anon message #3904 said: “Patriots in control of the Federal Reserve System.” As you may know, Q-Anon has been issuing messages to the world since October 2017 about the takedown of the Dark Cabal in American government. New York Times Bestselling Author David Wilcock has identified Q-Anon as President Trump's Administration and the Earth Alliance.

- Creates a new U.S. Treasury rainbow currency backed by gold, silver, platinum, and other precious metals, ending the bankruptcy of the United States initiated by Franklin Roosevelt in 1933.

Note: On March 22, 2018, a bill was introduced into the US House of Representatives that referred to HR 5404: The Return to a Gold-Back US Dollar. President Nixon took us off the Gold-Standard in 1972, and introduced us to the (Dark Cabal) fiat-money system.

Alternative News Media reported that President Trump signed the Gold Treaty on November 1, 2019. And, 3 days later, the Gold Standard became effective worldwide and fully implemented in all 209 sovereign countries of the world.

On March 29, Judy Byington’s report on Restored Republic via a GCR reported that, “Evidently in the last week of March 2020, the fiat-US-dollar (that’s the Federal Reserve Notes we are using as of April 2020) became gold-backed.

- Restores financial privacy.
- Establishes new Presidential and Congressional elections within 120 days of GESARA’s announcement. Allows the new Republic of the U.S. to temporarily govern the country’s affairs until fair and legal elections can be held.
- Removes all dark cabal agents and administration officials and all members of the U.S. Congress from their positions due to their continuous unconstitutional actions.

Note: There is an ever-growing number of indictments being filed against Dark Cabal agents. As of April 1, 2020, more than 150,000 indictments have been filed in US Federal courts across America, with crimes ranging from pedophilia to child

exploitation to treason. Nearly 17,000 of these indictments have been unsealed and served, and arrests have been made.

- Allows the new Republic to physically remove or eliminate any obstacle impeding GESARA law.
- Forbids the sale of American birth certificate records as chattel property bonds by the U.S. Department of Transportation.
- Releases unprecedented prosperity funds in a “share the wealth redistribution program” for every individual on Earth as well as the release of enormous sums of money for humanitarian purposes across the planet. This means that every human being could become a multi-millionaire instantly without debt of any kind. This is in alignment with the Global Currency Reset & Revaluation (GCR-RV). Stay up-to-date on developments. [Click here](#).
- Enables the release of over 6,000 patents of suppressed technologies that are being withheld from the public under the guise of national security, including free energy devices, anti-gravity, and sonic healing machines. [Click titles to preview articles](#):

Holographic Medical Pods (Med Beds) and Replicators.

The US Secret Space Program: Origins of Anti-Gravity Space-Craft Operations.

Ceases all aggressive U.S. government military action worldwide.

- Forces the U.S. military to immediately remove troops from all sovereign nations that no longer willingly accept them to reside on their soil (including Iraq, Syria, Afghanistan, Philippines, etc.).
- Eliminates all current and future nuclear powered weaponry on Planet Earth. ET Disclosure of both humanoid and non-humanoid (extra-terrestrial) life in existence on the surface of Earth and throughout our galaxy.

Note: On March 31, 2018, a message was received from Sananda (who is Higher Self of Master Jesus), that said: “Your Galactic Brothers and Sisters of the Light are now planning for a major landing on the surface of Gaia. The first wave of

landings will be led by a spiritually-advanced race of beings known as the Pleiadians.”

The Pleiadians originate from the Pleiades star systems, approximately 440 light years from Earth. The Pleiadians look very similar to the human race. They have a face that looks human, eyes, nose, mouth, ears, two arms, two legs, and it all looks very human. And, I believe that’s one of the big reasons they have been chosen to lead the advance team – because of their human-looking features. [Steve: Many extraterrestrial specials feature the Adam Kadmon template or human look.]

Their entire civilization currently exists in the sixth-dimension. They communicate by telepathy, and use anti-gravity propulsion for their space-craft. They “ascended” from the lower dimensions to the higher dimensions of consciousness millions of Earth years ago. They’ve had a very similar ascension process as humanity and Earth are going through right now.

International Monitors will be present to prevent illegal voter ballot stuffing or fraudulent election activities of special interest groups.

- Eliminates all “states of emergency” thus declaring peace for every land abiding by GESARA and its alliance.
- Establishes peace throughout the world as monitored by the United Nations Security Council.
- Increases benefits to senior citizens and children.
- Reinstates the Original Title of Nobility amendment.

U.S. President Bill Clinton Signed NESARA into law on October 10, 2000

Here's the plot twist to NESARA, according to Sherry Shriner of the "Omegas Are Liars" website: The Act was passed by the United States Congress on March 9, 2000 and then sent to President Bill Clinton for his signature. President Clinton signed NESARA into law on October 10, 2000. At that point NESARA, as with any legislation so acted upon, became a “law of the land.”

But wait a minute! No one wanted to enforce it. Why? No one wanted to enforce NESARA because this law required the physical and permanent removal from their government positions of all those, who were treasonous. Those, who had deliberately acted outside the Constitution of the Republic, had committed treason. Those who were treasonous included the United States president and vice president, the presidential cabinet, all members of Congress, various government departmental heads, all fifty governors of the fifty states, judges and others.

To hide NESARA from public view and, thus, to prevent its enforcement by popular demand, the United States Supreme Court placed a gag order on all public officials, the United States military, law enforcement personnel, bankers, attorneys, judges, the media and anyone else, who knew about NESARA and, who might give information about NESARA to the public.

If the people learned the Truth about NESARA, they would demand its enforcement. This could not be allowed.

The plan to hide NESARA worked well for a time, but gradually news of NESARA began to be leaked to the public. To circumvent any public action to enforce NESARA, “plan B” was created. The plan was to forever delay the enforcement of NESARA by fooling the people with trickery.

NESARA was embroiled in fictitious legal procedures and court orders by both the United States Supreme Court and the International Court of Justice. This game of deceit could be played forever, NESARA could be permanently delayed, and the people of the world would never be the wiser.

Here's a Startling Fact according to Sonja Zozula: Congress knows about NESARA, and your Senator knows about NESARA. Don't believe me? Please call or email them and see if they will respond? I guarantee you they will not respond to you in any way. You will only receive silence just like, me and just like you have for many years now.

Even with multiple written requests, I have yet to hear back from my delegates: Congressmen Darrell Issa, Senator Dianne Feinstein and Senator Barbara Boxer. They are all operating under a gag order by the Supreme Court forbidding it to be discussed. Don't believe me? Try it! Please pick up the phone and call them. Ask if

they are aware of NESARA and see for yourself. They will not confirm or deny it. Do you know about N.E.S.A.R.A? I bet you DON'T but it is about time you DO!
by Sonja Zozula.

With all their power and money the bankers thought themselves to be above the law, but cracks were now appearing in their foundations. Angry Americans were beginning to fight back. A class action lawsuit was brewing which would threaten to change the balance of power.

This change began in the mid 1970's, when the Federal Land Bank illegally foreclosed on farmers mortgages all throughout the Midwest. In each of these cases the farmers were defrauded by the banks with the approval of the Federal Reserve System. These court cases would eventually become known as the farmer claims program.

In 1978 an elderly ranch farmer in Colorado purchased a farm with loan from the Federal Land Bank; after he died the property was passed on to his son Roy Schwasinger Jr., who was a retired military general. Soon after a Federal Land Bank officer and Federal Marshall appeared on his property and informed him the bank was foreclosing on his farm and to vacate within 30 days. Without his knowledge, his deceased father signed a stipulation which reverted the property back to the Federal Land Bank in the event of the borrower's death.

Outraged, Roy Schwasinger filed a class action lawsuit in the Denver Federal Court system. But the case didn't go very far and the suit was dismissed from filing incorrectly. This began Roy Schwasinger's investigation into the inner workings of the banking system. In 1982 he was given a contract by the US senate and later Supreme Court to investigate banking fraud. But because he was under a strict non-disclosure order he was not allowed to tell the media what he discovered. In the late 80s he began sharing his knowledge with others including high ranking military personnel who helped him bring about a class action lawsuit against the federal government.

The first series of these lawsuits began in the mid 1980's when William and Shirley Baskerville of Fort Collins, Colorado were involved in a bankruptcy case with First Interstate Bank of Fort Collins; who was trying to foreclose on their farm. At a restaurant their lawyer informed them that he would no longer be able to help them and walked-off. Overhearing the conversation Roy Schwasinger offered his advice on how to appeal the case in bankruptcy court. So in 1987 they filed an appeal (Case No. 87-C-716) with the United States District Court in Colorado.

On November 3, 1988, the Denver Federal Court system ruled that indeed the banks had defrauded the Baskervilles and proceeded to reverse its bankruptcy decision. But when the foreclosed property was not returned they filed a new lawsuit. Eventually, 23 other farmers, ranchers, and Indians swindled by the banks in the same manner would join in the case.

In these cases, the banks were foreclosing on the properties using fraudulent methods such as charging exorbitant interest, illegal foreclosure, or by not crediting mortgage payments to their account as they should have but instead would steal the mortgage payments for themselves triggering foreclosure on the property. After running out of money they continued their fight without the help of

lawyers. With some assistance by the Farmers Union a new lawsuit was filed against the Federal Land Bank and the Farmers Credit System.

(1) Case No. 92-C-1781

The District Court ruled in their favor and ordered the banks to return the stolen properties with help from either Federal Marshals or the National Guard. But when no payments were made, the farmers declared involuntary Chapter Seven Bankruptcy against the Federal Land Bank and the Farmers Credit System. The banks appealed their case insisting they were not a business but a federal agency therefore they were not liable to pay the damages.

So the farmer's legal team adopted a new strategy. According to the Federal Land Bank's 1933 charter they are not allowed to make loans directly to applicants, but instead could only back loans as a guarantor in case of default. Because the Federal Land Bank had violated this rule the farmer's legal team was able to successfully sue the bank for damages.

Word of the lawsuit began to spread; the legal team would teach others how to fight foreclosure and to help them file lawsuits as well (Case No. 93-1308-M). Celebrities such as Willie Nelson joined in the cause and helped raise money during his "Farm Aid" concerts. Here is short clip of Willie Nelson describing in his own words the series of events leading up to the farmer claims legal case.....

The Baskerville case had now become the Farmer Claims Class Action Lawsuit. Worried about the legal ramifications the government retaliated against the farmers by hitting them with either outrageous IRS fees, or by imprisoning the legal team under frivolous nonrelated charges. When the farmers realized they were being unfairly targeted, they had military generals such as General Roy Schwasinger sit in the courtroom to make sure the bribed judges would vote according to constitutional law.

The farmers now with a large team of knowledgeable people of the law behind them filed a new case to claim additional damages from the fraudulent loaning activities of the Farmers Credit System.

The government tried to settle but they had already lost many cases and were now losing the appeals as well. More and more evidence was collected. According to

the National Banking Act all banks are required to register their charters with the Federal and State Bureau of Records, but none of the banks complied, allowing the legal team to sue the Farmers Credit System.

Not only was Farmers Credit System not chartered to do business with the American Banking Association, but so were other quasi government organizations such as the Federal Housing Administration, The Department of Housing and Urban Development, and even the Federal Reserve Bank.

The Farmers Claims lawsuit was thrown out of court at each level with the records purposely destroyed. So in the early 1990's Roy Schwasinger brought the case before the United States Supreme Court. Some of the content of this case is sealed from public eyes but most of it can be viewed today.

Almost unanimously the U.S. Supreme Court Justices ruled that the Farmers Union claims were indeed VALID, therefore, all property foreclosed by the Farmers Credit System was illegal and all those who were foreclosed on would have to receive damages. In addition, they ruled that the U.S. federal government and banks had defrauded the farmers, and all U.S. citizens, out of vast sums of money and property.

And furthermore, the court ruled the shocking truth that the IRS was a Puerto Rican Trust and that the Federal Reserve was unlawful, that the income tax amendment was only ratified by four states and therefore was not a legal amendment, that the IRS code was not enacted into "Positive Law"* within the Code of Federal Regulations, and how the U.S. government illegally foreclosed on farmer's homes with help from federal agencies.

*Positive Law

Laws that have been enacted by a properly instituted and recognized branch of the government.

Irrefutable proof was presented by a retired CIA agent. He provided testimony and records of the banks illegal activities, to lead further evidence that the Farmers' Union claims were indeed legitimate. The implications of such a decision were profound. All gold, silver, and property titles, taken by the Federal Reserve and IRS must be returned to the people.

The legal team sought assistance from a small group of benevolent visionaries, consisting of politicians, military generals, and business people who have been secretly working to restore the constitution since the mid 1950's. Somehow within their ranks, a four star U.S. army general received "title" and "receiver" of the original 1933 United States Bankruptcy.

When the case was brought before the U.S. Supreme Court, they ruled in his favor, giving the Army General title over the United States, Inc. Legal action was then passed on to the Senate Finance Committee and Senator Sam Nunn, who was working with Roy Schwasinger. With the help of covert congressional and political pressure, President George H.W. Bush issued an Executive Order (a) on Oct. 23, 1991, which provided a provision allowing anyone who has a claim against the federal government to receive payment as long as it's within the rules of the original format of the case.

(a) Executive Order No. 12778 Principles of Ethical Conduct for Government Officers and Employees; October 23, 1991

According to the Federal Reserve Act of 1913, all present and succeeding debts against the U.S. Treasury must be assumed by the Federal Reserve. Thus the farmer's claims legal team was able to use that executive order to not only force the Federal Reserve to pay out damages in a gold backed currency but also allow them to receive legal ownership over the bankruptcy of United States, Inc.

To collect damages the farmer's legal team used an obscure attachment to the 14th amendment which most people are not aware of. After the civil war the government allowed citizens to claim a payment on anyone who suffered damages as a result of the Federal Government failing to protect its citizens from harm or damages by a foreign government. President Grant had this attachment sealed from public eyes but somehow, someone the farmer's legal team got a hold of it.

If you listened to that carefully, it specifies damages by a foreign government. That foreign government is the corporate federal government which has been masquerading to the public as the constitutional government.

Remember this goes back to the Organic Act of 1871 and the Trading with the Enemies Act of 1933, which defined all citizens as enemy combatants under the federal system known as the United States. The Justices and farmer's legal team

recognized how evil and corrupt our federal government had become and to counteract this they added some provisions in the settlement to bring the government back under control.

a. First they would have to be paid using a lawful currency, backed by gold and silver as the constitution dictates. This would eliminate inflation and gyrating economic cycles created by the Federal Reserve System.

b. Second they would be required to go back to common law instead of admiralty law under the gold fringe flags. Under common law if there is no damage or harm done then there is no violation of the law. This would eliminate millions of laws which are used to control the masses and protect corrupt politicians.

c. Lastly the IRS would have to be dismantled and replaced with a national sales tax. This is the basis of the NESARA Law.

When the legal team finally settled on a figure, each individual would receive an average of \$20 million dollars payout per claim. Multiplied by a total of 336,000 claims that were filed against the U.S. Federal Government, the total payout would come out to a staggering \$6.6 trillion dollars.

The U.S. Supreme Court placed a gag order on the case, struck all information from the Federal Registry, and placed all records in the Supreme Court files. Up to that point Senator Sam Nunn had kept the Baskerville Case records within his office. A settlement was agreed to out of court and the decision was sealed by Janet Reno.

Because the case was sealed, claimants are not allowed to share court documents to media outlets without violating the settlement, but they can still tell others about the lawsuit. This is why you probably have not heard about this.

In 1991 Roy Schwasinger went before a senate committee to present evidence of the banks and governments criminal activity. He informed them how the Corporation of the United States was tied to the establishment of a New World Order which would bring about a fascist one world government ruled by the international bankers. So in 1992 a task force was put together consisting of over 300 retired and 35 active US military officers who strongly supported

constitutional law.* This task force was responsible for investigating governmental officials, congressional officers, judges, and the Federal Reserve.

*Chief of Naval Operations, Admiral Jeremy Boorda

*General David McCloud

*Former Director of Central Intelligence, William Colby

They uncovered the common practice of bribery and extortion committed by both senators and judges. The criminal activity was so rampant that only 2 out of 535 members of congress were deemed honest. But more importantly they carried out the first ever audit of the Federal Reserve.

The Federal Reserve was used to giving orders to politicians and had no intentions of being audited. However after they were informed their offices would be raided under military gunpoint if necessary; they complied with the investigation. After reviewing their files the military officers found \$800 trillion dollars sitting in accounts which should have been applied to the national debt. And contrary to federal government propaganda they also discovered that most nations had in fact owed money to the United States instead of the other way around.

These hidden trillions were then confiscated and placed into European bank accounts in order to generate the enormous funds needed to pay the farmers claims class action lawsuit, later this money would become the basis of the prosperity programs.

Despite these death blows President George H.W. Bush and the illuminati continued on with their plans of global enslavement.

In August 1992 the military officers confronted President Bush and demanded he sign agreement that he would return the United States to constitutional law and ordered him to never use the term New World Order again. Bush pretended to cooperate but secretly planned to bring about the New World Order anyway by signing an Executive Order on December 25, 1992, that would have indefinitely closed all banks giving Bush an excuse to declare martial law.

Under the chaos of martial law, Bush intended to install a new constitution which would have kept everyone currently in office in their same position for 25 years

and it would have removed all rights to elect new officials. The military intervened and stopped Bush from signing that Executive order.

In 1993 members of the Supreme Court, certain members of congress and representatives from the Clinton government meet with high ranking US military officers who were demanding a return to constitutional law, reforms of the banking system, and financial redress. They agreed to create the farm claims process which would allow the legal team to set up meetings all over the country on a grass roots level to help others file claims and to educate them about the lawsuit.

A claim of harm could be made on any loan issued by a financial institution for all interest paid; foreclosures; attorney and court fees; IRS taxes or liens; real estate and property taxes; mental and emotional stress caused by the loss of property; stress related illness such as suicide and divorce; and even warrants, incarceration, and probation could also be claimed.

But the Clinton government undermined their efforts by requiring the farm claims to use a specific form designed by the government. This form imposed an administrative fee of \$300 for each claim, which was later used in 1994 as a basis to arrest the leaders of the legal team including Roy Schwasinger.

The government was so afraid of what they would say during their trial in Michigan that extra steps were taken to conceal the true nature of the case. County courthouse employees were not allowed to work between Monday and Thursday during the course of the trial. And outside the courthouse, FBI agents swarmed the perimeter preventing the media and visitors from learning what was going on as well.

Harassment and retaliation by the government increased, many were sent prison or murdered while incarcerated. Despite being protected by his military personnel the army general who acquired the original 1933 Title of Bankruptcy of the United States; was imprisoned, killed, and replaced with a clone. This clone was then used as a decoy to prevent any further claims from being filed.

During the first Clinton administration the military delayed many of Clinton's federal appointments until they were sure these individuals would help restore constitutional law. One such individual who promised to bring about the necessary changes was Attorney General Janet Reno.

In agreement with the Supreme Court ruling on June 3, 1993, Janet Reno ordered the Delta Force and Navy Seals to Switzerland, England, and Israel to recapture trillions of dollars of gold stolen by the Federal Reserve System from the strategic gold reserves. These nations cooperated with the raid because they were promised their debts owed to the United States would be canceled and because the people who stole the money from the United States also stole money from their nations as well.

This bullion is to be used for the new currency backed by precious metals. It's now safely stockpiled at the Norad Complex at Colorado Springs, Colorado and four other repositories. Janet Reno's action so enraged the powers-that-be, that it resulted in her death. She was then replaced with a clone and it was this creature that was responsible for covering-up the various Clinton scandals.

To keep the Secretary of the U.S. Treasury Robert Rubin in line, he too was also cloned. For the remainder of their term in office both Reno and Rubin received their salaries from the International Monetary Fund as foreign agents and not from the U.S. Treasury. Despite these actions the legal team continued on with their fight while managing to avoid bloodshed and a major revolution.

After 1993 the former claims process name was changed to Bank Claims. Between 1993 and 1996, the U.S. Supreme Court required U.S. citizens to file "Bank Claims" to collect damages paid by the U.S. Treasury Department. This process CLOSED in 1996.

During this time the U.S. Supreme Court assigned one or more Justices to monitor the progress of the rulings. They enlisted help of experts in economics, monetary systems, banking, constitutional government and law, and many other related areas. These justices built coalitions of support and assistance with thousands of people worldwide; known as 'White Knights'. The term 'White Knights' was borrowed from the world of big business. It refers to a vulnerable company that is rescued by a corporation or a wealthy person from a hostile takeover.

To implement the required changes, the five Justices spent years negotiating how the reformations would occur. Eventually they settled on certain agreements, also known as 'Accords', with the U.S. government, the Federal Reserve Bank owners, the International Monetary Fund, the World Bank, and with numerous other

countries including the United Kingdom and countries of the Euro Zone. Because these U.S. banking reformations will impact the entire world; the IMF, World Bank, and other countries had to be involved. The reformations require that the Federal Reserve be absorbed by the U.S. Treasury Department and the banks' fraudulent activities must be stopped and payment must be made for past harm.

In 1998, the military generals who originally participated in the farmer's claim process realized that the US Supreme Court justices had no intentions of implementing the 'Accords.' So they decided the only way to implement the reformations was through a law passed by congress. In 1999 a 75 page document known as the National Economic Security and Reformation Act (NESARA) was submitted to congress where it sat with little action for almost a year.

Late one evening on March 9, 2000, a written quorum call was hand-delivered by Delta Force and Navy SEALs to 15 members of the US Senate and the US House who were sponsors and co-sponsors of NESARA. They were immediately escorted by the Delta Force and Navy SEALs to their respective voting chambers where they passed the National Economic Security and Reformation Act.

These 15 members of congress were the only people lawfully allowed to hold office in accordance with the original 13th amendment. Remember British soldiers destroyed copies of the Titles of Nobility Amendment (TONA) in the war of 1812 because it prevented anyone who had ties to the crown of England from holding public office.

NESARA is the most ground breaking reformation to sweep not only this country but our planet in its entire history. The act does away with the Federal Reserve Bank, the IRS, the shadow government, and much more.

NESARA implements the following changes:

1. Zeros out all credit card, mortgage, and other bank debt due to illegal banking and government activities. This is the Federal Reserve's worst nightmare, a "jubilee" or a forgiveness of debt.
2. Abolishes the income tax
3. Abolishes the IRS. Employees of the IRS will be transferred into the US Treasury national sales tax area.
4. Creates a 14% flat rate non-essential 'new items only' sales tax revenue for the

government. In other words food and medicine will not be taxed; nor will used items such as old homes.

5. Increases benefits to senior citizens
6. Returns Constitutional Law to all courts and legal matters.
7. Reinstates the original Title of Nobility amendment. Hundreds of thousands of Americans under the control of foreign powers will lose their citizenship, be deported to other countries, and barred from reentry for the remainder of their life. And millions of people will soon discover their college degrees are now worthless paper.
8. Establishes new Presidential and Congressional elections within 120 days after NESARA's announcement. The intern government will cancel all “National Emergencies” and return us back to constitutional law.
9. Monitors elections and prevents illegal election activities of special interest groups.
10. Creates a new U.S. Treasury, 'rainbow currency,' backed by gold, silver, and platinum precious metals, ending the bankruptcy of the United States initiated by Franklin Roosevelt in 1933.
11. Forbids the sale of American birth certificate records as chattel property bonds by the US Department of Transportation.
12. Initiates new U.S. Treasury Bank System in alignment with Constitutional Law
13. Eliminates the Federal Reserve System. During the transition period the Federal Reserve will be allowed to operate side by side of the U.S. treasury for one year in order to remove all Federal Reserve notes from the money supply.
14. Restores financial privacy
15. Retrains all judges and attorneys in Constitutional Law
16. Ceases all aggressive, U.S. government military actions worldwide
17. Establishes peace throughout the world
18. Releases enormous sums of money for humanitarian purposes
19. Enables the release of over 6,000 patents of suppressed technologies that are being withheld from the public under the guise of national security, including free energy devices, antigravity, and sonic healing machines.

Because President Clinton's clone had no interest in signing NESARA into law on October 10, 2000; under orders from U.S. military generals the elite Naval Seals and Delta Force stormed the White House and under gunpoint forced Bill Clinton to sign NESARA. During this time Secret Service and White House security

personnel were ordered to stand down, disarmed, and allowed to witness this event under a gag order.

From its very inception Bush Sr., the corporate government, major bank houses, and the Carlyle group have opposed NESARA. To maintain secrecy, the case details and the docket number were sealed and revised within the official congressional registry, to reflect a commemorative coin and then again it was revised even more recently. This is why there are no public Congressional Records and why a search for this law will not yield the correct details until after the reformatations are made public.

You probably have never heard of this law due to an extremely strict gag order placed upon politicians, media personnel, and bank officers. Even though Alex Jones or Ron Paul will not tell you about it, the law is still valid.

And members of Congress will not tell us any of this because they have been ordered by the U.S. Supreme Court Justices to 'deny' the existence of NESARA or face charges of treason punishable by death. Some members of Congress have actually been charged with 'obstruction.' When Minnesota Senator Paul Wellstone was about to break the gag order, but before he could, his small passenger plane crashed killing his wife, daughter, and himself.

If fear isn't enough to keep congress in line, money is. The CIA routinely bribes senators with stolen loot from the bank roll programs. Every senator has been bribed with a minimum of \$200 million dollars deposited in a Bank of America account in Canada. You will never hear the media networks report about NESARA. To maintain silence, major news networks such as CNN are paid in the tune of \$2 billion dollars annually. Some of this loot is funneled by the Mormon Church in Utah through Senator Orin Hatch's office and Bank of America.

Not only is congress bribed but the entire Joint Chiefs of Staff and upper tier of the government including the president receives these payments as well. Only the Provost Marshall has the lawful authority to arrest these individuals, but sadly he won't do his job either. It seems the United State military is full of pencil pushing politicians who care more about advancement then doing their job.

And not surprisingly, much disinformation about NESARA can be found on the internet. Prominent nay-sayers include quatloos.com, which is rumored to be a CIA

front; nesara.org which is maintained by the Bush family; Sherry Shriner; and various Internet channelers receiving their messages from telepathic spooks have all contributed to the confusion.

Even the information on Wikipedia is in error. Wikipedia gives you the history of CIA agent Harvey Barnard's NESARA law. If you look closely, this law stands for National Economic Stabilization and Recovery Act, which would have made reforms to the economy and replace the income tax with a national sales tax. This law was rejected by congress in the 1990's. But there is little mention of the National Economic Security and Reformation Act on Wikipedia or its ramifications.

September 11, 2001

The next step is to announce NESARA to the world, but it's not an easy task to do. Many powerful groups have tried to prevent the implementation of NESARA.

The NESARA law requires that at least once a year, an effort be made to announce the law to the public. Three current US Supreme Court judges control the committee in charge of NESARA's announcement. These Judges have used their overall authority to secretly sabotage NESARA's announcement.

The justices ordered the current Congress to pass resolutions 'approving' NESARA. This took place on September 9, 2001, eighteen months after NESARA became law. On September 10, 2001, George Bush Sr. moved into the White house to steer his son on how to block the announcement. The next day, on September 11, 2001, at 10 am Eastern Daylight Time, Alan Greenspan was scheduled to announce the new US Treasury Bank system, debt forgiveness for all U.S. citizens, and abolition of the IRS as the first part of the public announcements of NESARA.

Just before the announcement at 9 am, Bush Sr. ordered the demolition of World Trade Center to stop the international banking computers on floors one and two, in the North Tower, from initiating the new U.S. Treasury Bank system. Explosives in the World Trade Center were planted by both CIA and Mossad operatives and detonated remotely in Building 7 which was demolished later that day in order to cover-up their crime.

Remote pilot technology was used in a flyover event to deliver a payload of explosives into the Pentagon at the exact location of the White Knights in their new Naval Command Center who were coordinating activities supporting NESARA's implementation nationwide. With the announcement of NESARA stopped dead in its tracks, George Bush Sr. decapitated any hopes of returning the government back to the people.

GESARA Notes by James Rink

New Dimension, June 12, 2020

(<https://newdimension2012.blogspot.com/2020/06/gesara-notes-by-james-rink.html>)

THIS IS HAPPENING NOW .. DONALD TRUMP AND THE REST OF THE NATIONS HAVE MADE THIS HAPPEN .. NOW ... PLEASE READ ... THIS WILL BE COMING OUT SOON .. HERE IS THE PROOF..

No Poverty, No Hunger, No Debt, Only Global Prosperity, and Peace for ALL!

NESARA has merged with GESARA

Alliance sources are claiming that NESARA no longer is needed in America, since last month Trump signed the revised Paris Agreement, in which GESARA was secretly embedded. Therefore, NESARA, which originally was destined for the Republic of America, has merged with GESARA.

The announcement of GESARA at the U.N. will now affect the Republic along with the rest of the world amounting to a total of 206 sovereign nations.

The new financial system is part of GESARA law.

The IMF will announce the “global gold-standard monetary system” once GESARA is announced at the U.N. All remaining fiat currencies will be cashed in for gold-standard currency. Paper money will eventually be phased out and all currencies will be digital under the new financial system.

The Alliance’s goal is to make the transition event simple, smooth, and swift.

The new financial system (Quantum Financial System - [Click Here](#)) has been online for months and is hosted on a protected quantum server that cannot be hacked or accessed without permission.

Notably, the wealth proliferation aspect is actually very stabilizing. People who have new found wealth in extremes are far more likely to feel able to help their relatives, their close friends, their fellow citizens. They are more likely to engage in humanitarian efforts. This is wealth building.

The RV might see a shortage of qualified workers. This is wealth building. But this then leads to higher wages and salaries. That will be reflected in prices, but this is counter-balanced by a drop in taxes of, in some cases, up to 80% of the final product cost price.

Which would result in deflation. As prices drop, savings increase for the worker and their family. This builds wealth. Energy costs too are now an important component of the cost mechanism for any product. Energy costs will also drop as a result of free-energy and new technologies.

The future will be unbelievable. Our lives will evolve immensely.

The dark cabal is on the ropes and some of the new – suppressed – technologies that are being released date back 70 years or more. Suppressed technology is "New" to us, but in reality, it is very "Old." Some go back millions of years.

For example: the purified waters of Antarctica will be used to ‘turn the deserts green’ and ‘restore mineral life’ to all plants and living things. The future will be unbelievably complete with Cards for our own Personal Credit.

The application of "Replicators" that can produce everything. And surely most importantly, ‘a new awareness’ of the ‘power of our mind’ in order to ‘display’ our needs. And soon also available ‘real health care’ to make people healthy instead of sick, to regrow limbs or organs, or to reduce our age by 30 years.

Money and banks are tools of the cabal to control us, with their debt-based economy which can never bring prosperity. Consequently, paper money and banks will eventually disappear. Coinage will not.

In the future, we will join ‘The Galactic Federation of Light’ and then live among other off-world races, trade with them and travel to other planets inhabited with humanoid or alien life, which the secret space program has already been doing for decades.

The greatest short-term affect will be that the RV will create a large surge in consumers over time. Corporations that responsibly produce things that people really need will see a huge surge in business and profits for many years to come. This is wealth-producing. Because a huge aspect of GESARA is the elimination of the national debt of every nation on earth, taxes will be adjusted to be lower for citizens and corporations.

The pyramid structure of the global elite, including most governments, and corporations, has become dysfunctional. It created class separation and fosters the belief of scarcity.

Part of spiritual evolution is born when one’s identity is no longer attached to material matters.

When there is free energy, transportation and replicators distributed to everyone, we will become equal. No one will be enslaved, people will just do what they want to do, have free time, time to reflect and be creative. No need to hoard anything.

Advanced civilizations don't wonder where their next meal is going to come from, how they are going to pay for their rent, how they are going to get from A to B.

The dark cabal has had time enough to change gracefully, but they have failed dismally. People will live in the moment of now, i.e. growing their own food, and also food for others. These activities don't need belief systems, they are spontaneous. Many people are actually going to enjoy their jobs as they experience it gives them meaning and purpose, another way to serve. Those that don't hold jobs will find alternative ways to experience happiness and contribute to the common good.

However, fundamentally, real change lies in a shift of your consciousness and thinking. As the time approaches for a great change in our society, it is time to transform pain and suffering from past experiences into joy, peace and prosperity! A new day is dawning that will bring in a caring and respectful epoch for humanity!

As you grow in consciousness, respect for each other takes on a new, expanded meaning. Respect is not for personal gain. It is your sovereign right. Unity consciousness honors and holds every soul in high esteem at all times. Respect will transform society and push it blessedly toward a new outcome. Respect for every individual will be the norm. It is the lynchpin for our new and transforming society, based on Unity Consciousness.

The Following Written by Rev. Dennis Shipman - October 10, 2017 - Updated: April 1, 2020

GESARA is an acronym for Global Economic Stabilization and Recovery Act or Global Economic Security and Reformation Act. There is an ongoing dispute about what the true name is, according to the information I read. It is the most groundbreaking reformation act to sweep the planet to restore worldwide prosperity, peace, and a New Golden Age that works for everyone, and not just for a few elite.

GESARA was voted to be implemented by all 209 sovereign nations of the world, per the signed 2015 Paris Agreement on Climate Change, starting with the restored Republic of the United States (known in the USA as NESARA – National Economic Security and Reformation Act or National Economic Stabilization and Recovery Act). In the United States, this single act does away with cancers like the Federal Reserve Bank, Internal Revenue Service (IRS) and USA, Inc. shadow government, plus so much more! Implementation of GESARA is imminent.

Why is GESARA necessary?

Planet Earth and humanity are experiencing The Great Shift of Consciousness, also known as Ascension or The Great Awakening into Unity Consciousness. Mother Earth is returning to be a sacred planet, and is taking the entire human population with her (whoever wants to go). It's a golden age beyond our wildest imaginations.

The “dark cabal” governing authority has intentionally and methodically hidden humanity's historical truth (including extra-terrestrial occupation and genetic tampering) for over 13,000 years or more. It's plan was to enslave humanity for its own selfish ends. It almost succeeded.

The Galactic Federation of Light and the Forces of Light have been tasked by Prime Creator Source to stop and reverse the momentum of this rebellious and blatant dark cabal, and put an end to its deceit and to help humanity and Mother Earth bring into alignment the goals of The Great Shift in Consciousness.

Here's a short description of GESARA's mandate in the United States:
Abolishes the Internal Revenue Service (IRS), with employees of the IRS will be transferred into the US Treasury national sales tax area.

Abolishes Federal Income Taxes in the U.S. Creates a 17% flat rate non-essential new items only sales tax revenue for the government. In other words, food and medicine will not be taxed, nor will used items such as old homes.

Cancels all credit card, mortgage, and other bank debt due to illegal banking and government activities. Many refer to this as a “jubilee” or complete forgiveness of debt.

Note: We got a soft confirmation on this from Benjamin Fulford's March 23rd report. His European royal family sources said that a write off of all debts was in the works.

Restores Constitutional Law to all courts and legal matters in the Republic of the United States of America. Retrains all judges and attorneys in Constitutional Law.

Initiates new U.S. Treasury Banking System in alignment with Constitutional Law. Eliminates the Federal Reserve System. During the transition period, the Federal Reserve will be allowed to operate side by side of the U.S. treasury for one year in order to remove all Federal Reserve notes from the money supply.

Note: On March 27, 2020, Q-Anon message #3904 said: "Patriots in control of the Federal Reserve System." As you may know, Q-Anon has been issuing messages to the world since October 2017 about the takedown of the Dark Cabal in American government. New York Times Bestselling Author David Wilcock has identified Q-Anon as President Trump's Administration and the Earth Alliance.

Creates a new U.S. Treasury rainbow currency backed by gold, silver, platinum, and precious metals, ending the bankruptcy of the United States initiated by Franklin Roosevelt in 1933.

Note: On March 22, 2018, a bill was introduced into the US House of Representatives that referred to HR 5404: The Return to a Gold-Back US Dollar – [Click here to read more](#). President Nixon took us off the Gold-Standard in 1972, and introduced us to the (Dark Cabal) fiat-money system.

Alternative News Media reported that President Trump signed the Gold Treaty on November 1, 2019. And, 3 days later, the Gold Standard became effective worldwide and fully implemented in all 209 sovereign countries of the world.

On March 29, Judy Byington's report on Restored Republic via GCR reported that, "Evidently in the last week of March 2020, the fiat-US-dollar (that's the Federal Reserve Notes we are using as of April 2020), they became gold-backed.

The first wave of landings will be led by a spiritually-advanced race of beings known as the Pleiadians.”

The Pleiadians originate from the Pleiades star systems, approximately 440 light years from Earth. The Pleiadians look very similar to the human race. They have a face that looks human, eyes, nose, mouth, ears, two arms, two legs, and it all looks very human. And, I believe that’s one of the big reasons they have been chosen to lead the advance team – because of their human-looking features.

Their entire civilization currently exists in the sixth-dimension. They communicate by telepathy, and use anti-gravity propulsion for their space-craft. They “ascended” from the lower dimensions to the higher dimensions of consciousness millions of Earth years ago. They’ve had a very similar ascension process as humanity and Earth are going through right now.

U.S. President Bill Clinton Signed NESARA into law on October 10, 2000

Here's the plot twist to NESARA, according to Sherry Shriner of the "Omegans Are Liars" website: The Act was passed by the United States Congress on March 9, 2000 and then sent to President Bill Clinton for his signature. President Clinton signed NESARA into law on October 10, 2000. At that point NESARA, as with any legislation so acted upon, became a "law of the land."

But wait a minute! No one wanted to enforce it. Why? No one wanted to enforce NESARA because this law required the physical and permanent removal from their government positions of all those who were treasonous. Those who had deliberately acted outside the Constitution of the Republic had committed treason.

Those who were treasonous included the United States president and vice president, the presidential cabinet, all members of Congress, various government departmental heads, all fifty governors of the fifty states, judges and others.

To hide NESARA from public view and, thus, to prevent its enforcement by popular demand, the United States Supreme Court placed a gag order on all public officials, the United States military, law enforcement personnel, bankers, attorneys, judges, the media and anyone else, who knew about NESARA and, who might give information about NESARA to the public.

If the people learned the Truth about NESARA, they would demand its enforcement. This could not be allowed.

The plan to hide NESARA worked well for a time, but gradually news of NESARA began to be leaked to the public. To circumvent any public action to enforce NESARA, "plan B" was created. The plan was to forever delay the enforcement of NESARA by fooling the people with trickery. NESARA was embroiled in fictitious legal procedures and court orders by both the United States Supreme Court and the International Court of Justice. This game of deceit could be played forever, NESARA could be permanently delayed, and the people of the world would never be the wiser. Here's a Startling Fact according to Sonja Zozula: Congress knows about NESARA, and your Senator knows about NESARA. Don't believe me? Please call or email them and see if they will respond? I guarantee you they will not respond

to you in any way. You will only receive silence just like, me and just like you have for many years now. Even with multiple written requests, I have yet to hear back from my delegates; Congressmen Darrell Issa, Senator Dianne Feinstein and Senator Barbara Boxer. They are all operating under a gag order by the Supreme Court forbidding it to be discussed. Don't believe me? Try it! Please pick up the phone and call them. Ask if they are aware of NESARA and see for yourself. They will not confirm or deny it. Do you know about NESARA? I bet you DON'T but it is about time you DO! by Sonja Zozula.

The National Economic Security & Reformation Act will right the unthinkable wrongs perpetrated on Americans. Its ripple effects will greatly improve the lives of all Earth humans. Though the means to prove this has been denied the people, NESARA is believed to have been signed into law on October 10, 2000, a few months before President Clinton left office. Those in power positions throughout our society have prevented its announcement and implementation.

To those who claim nothing can be kept secret in Washington, I reply: “Only what Washington wants you to know leaks out.” Anytime a law or individual is viciously attacked, we can be assured those in power do not want the truth to be known. All kinds of misinformation are published in an effort to discredit the truth. Gag orders are instituted and documents removed from public access. In 2011, we have a perfect example of this—the cover-up of the extraterrestrial presence with us—including numerous people presently living under gag orders. Many others have spoken out and revealed truth to those in the public who will

listen. You may verify this fact at: https://www.youtube.com/results?search_query=fastwalkers+documentary&aq=1&oq=Fastwalkers

As far as those working on NESARA have been able to learn, the basis for the National Economic Security & Reformation Act was established by a 1993 United States Supreme Court Decision ruling that the banks, in collusion with the U.S. government, were foreclosing fraudulently on farm mortgages. During the court process, additional frauds on the American people were uncovered. A committee of five Supreme Court Justices was charged with the Herculean task of developing the means to implement the required governmental and banking reforms. Experts in economics, monetary systems, banking, constitutional governments/law, and many other areas were consulted. **Because enormous international changes are also included, an extremely strict gag order was imposed on everyone directly involved and the court case records were sealed until the needed reforms could be thoroughly prepared.**

Although the 1993 U.S. Supreme Court decision remains sealed, I site below (under NESARA FORGIVES MORTGAGE DEBT) a 1968 landmark ruling by the Minnesota Justice Court that has never been overturned: *First National Bank of Montgomery vs Jerome Daly*. This court case gives credence to the fact that foreclosures were being fraudulently implemented.

The work of Dr. Harvey Francis Barnard has been used by disinformation agents to claim the National Economic Security & Reformation Act of October 2000 is a fraud. I see it as a foundation and mysteriously linked.

The only documentary information I can find on Harvey Francis Barnard is the Social Security record of his death. Research on the internet has become so popular that it is now very difficult to research without paying a monthly fee at each site for the privilege of seeing the documents. I learned from the Social Security Death Index (<https://ssdi.rootsweb.ancestry.com/cgi-bin/newssdi?sn=Barnard&fn=Harvey&nt=exact>) that Harvey Francis Barnard was born on 9/22/1944 and died on May 18, 2005 at the age of 63. His last recorded home address was in East Feliciana, Louisiana.

Darrell Anderson, Dr. Barnard's close friend, writes about him at: https://www.simpleliberty.org/bookshelf/draining_the_swamp.htm In his comments,

Anderson reveals that Dr. Barnard tried for years to introduce his ideas through the traditional political processes, he finally gave up and posted his ideas on the internet, hoping for grassroots support. Dr. Barnard first published his book *Draining the Swamp: Monetary & Fiscal Reform in 1996* through Allodial Publishing. His book was re-published in 2005 by his NESARA Institute. A copy of the purported legislation purportedly written by Dr. Barnard may be found at: <https://www.2012.com.au/NESARA.pdf>. This legislation was prepared for the 107th Congress (2001-2003).

Since Dr. Barnard was a systems philosophy consultant and made numerous attempts get his NESARA ideas officially recognized, we cannot discount that he had played a major role. Whether or not the U.S. Supreme Court Justices consulted Dr. Barnard, we do not know. Whatever happened, we cannot deny that NESARA (either as the National Economic Security & Reformation Act believed to have been secretly passed and signed by President Clinton on October 10, 2000 – or – the National Economic Stabilization & Recovery Act thought to have been written by Dr. Bernard) has garnered grassroots support in fulfillment of Dr. Bernard's dream.

Shaini Goodwin, using the name “Dove of Oneness,” worked tirelessly to get the National Economic Security & Reformation Act of 2000 announced. She has been vilified on the internet, which is a valid sign that she was working for an Act/Bill about which the powerful elite did not want the public to know. Otherwise, there would no reason to focus such venom on a middle aged woman who had never held a position of importance beyond a regular middle class job.

Dove was a courageous, very persistent woman. She worked morning, noon, and night on publicizing NESARA, gathering grassroots support, and making repeated contacts with government and military officials. Because the grassroots wrote letters/postcards to the White House, Congress, Supreme Court Justices, and the Joint Chiefs of Staff at the Pentagon, all in Washington knew that the public was aware of NESARA and wanted it activated.

Dove has been condemned by disinformation agents for collecting money. Dove quit her job to work 24/7 on NESARA. It takes money to work on what became an international project. Dove was not using this money for herself. One of my

friends was a major contributor to Dove’s work. She regularly received an itemized accounting for every cent contributed.

I include the photo of the two NESARA advertising trucks parked in front of the Capital Building in Washington, D.C. because my friend gave the money for these trucks. According to my friend, Dove was an extremely thorough planner. She attended to every little detail ahead of time. If people were involved, like the truck drivers, who knew nothing of NESARA, Dove spoke personally to each one, giving them the option not to perform her requested assignment. She let them know that the resistance to NESARA was strong among government/military officials.

In the end, Dove was worn down by the vehement opposition she endured. She appeared to move into the ego and became susceptible to interference by dark forces. She died a couple years later.

Americans and the world owe a huge debt to Dove. Without her constant work over a period of years, Americans and the world would not have known about NESARA. Although I have worked for NESARA for at least seven years, I did not know of Dr. Barnard’s work until recently. We can be thankful for his work as a part of the original formation of NESARA; however, it took a woman with the tireless energy and unwillingness to take “No” for an answer to get knowledge of NESARA out to the world. It was Dove and her formation of the NTAT groups on an international basis that publicized NESARA worldwide. (NTAT = NESARA Take Action Team) Photos of demonstrations in front of the Hague, Netherlands can be seen at: <https://www.pathwaytoascension.com/nesara.html#photos>

Increasingly, Americans are waking up to the fact that our nation is crumbling. Government OF the people, FOR the people, BY the people is a thing of the past— unless, we wake up to all the crimes being perpetrated upon us. NESARA provides the peaceful, legal means to restore our nation to its pristine glory and beyond. Education as to what is truly taking place behooves every true American.

Because the systematic history of the National Economic Security & Reformation Act (2000) is difficult to compile due to the secrecy surrounding it, I have researched the main provisions within the Act to determine their validity. Below I

list the major provisions of NESARA, followed by articles that describe the circumstances involved.

NESARA RESTORES CONSTITUTIONAL/COMMON LAW.

Quote from article: *“One of the most important characteristics of common law was its certainty The two fundamental laws remained always in place, a stabilizing force. The community could expect their legal environment to remain in reasonable order Common law was so logical and sensible that the typical American could study and understand it! It was regarded as a source of wisdom.”*

safe store of value Deficit spending is simply a scheme for the hidden confiscation of wealth. Gold stands in the way of this insidious process. It stands as a protector of property rights.”

NESARA RESTORES THE REPUBLIC OF OUR FOUNDING FATHERS.

Read: “What Does Freedom Really Mean?”

<https://www.quebecoislibre.org/05/050215-10.htm>

Quote from article: *“Without precise meanings behind words, politicians and elites can obscure reality and condition people to reflexively associate certain words with positive or negative perceptions [a major way in which Americans are dumbed down]. In other words, unpleasant facts can be hidden behind purposely meaningless language. As a result, Americans have been conditioned to accept the word democracy as a synonym for freedom, and thus to believe that democracy is unquestionably good. The problem is that democracy is not freedom. Democracy is simply majoritarianism, which is inherently incompatible with real freedom.”*

Quote from Court Decision: *“Plaintiff admitted that it, in combination with the federal Reserve Bank of Minneapolis, which are for all practical purposes, because of their interlocking activity and practices, and both being Banking Institutions Incorporated under the Laws of the United States, are in the Law to be treated as one and the same Bank, did create the entire \$14,000 in money or credit upon its own books by bookkeeping entry. That this was the Consideration used to support the Note dated May 8, 1964 and the Mortgage of the same date. The money and credit first came into existence when they created it. Mr. Morgan admitted that no United States Law Statue existed which gave him the right to do this. A lawful consideration must exist and be tendered to support the Note. See Ansheuser-Busch Brewing Company v. Emma Mason, 44 Minn. 318, 46 N.W. 558. The Jury found that there was no consideration and I agree. Only God can create something of value out of nothing.”*

NESARA ABOLISHES THE IRS & FEDERAL INCOME TAXES.

Read: “The 16th Amendment Was Not Properly Ratified”

<https://www.givemeliberty.org/features/taxes/notratified.htm>

Quote from article: *“Whether or not this is true, in the long run it is irrelevant. While the alleged ratification may have made the public think that Congress had been given the power to tax everyone’s income, this is not the case.... Congress could not, and did not, tax the income of most Americans. And this was true before and after the alleged ratification of the 16th Amendment.”*

NESARA ABOLISHES THE FEDERAL RESERVE.

Read: “The Sad Story of the Privately Owned Federal Reserve Bank”

Quote from article: *“The privately owned Federal Reserve Bank (the Fed) is privately owned by a group of primarily foreign bankers.... America has legislated away this priceless power of monetary and credit creation to a group of primarily foreign self-serving bankers.... According to the Supreme Court, this transfer of*

power is in direct violation of the law The system benefits a few elites at an exorbitant cost to We the People. The average American contributes one third of his hard earned dollars to support this corruption.”

The announcement and implementation of NESARA will greatly improve the lives of every American. It also declares world peace and opens the way for our galactic brothers and sisters to land and assist Earth humans in re-creating our planet to one of world peace, prosperity, and familial love for all of humanity.

Planet Earth is scheduled for an immense transformation that will take us into the Golden Age. NESARA is the first step in this re-creation process!

Demonstration for NESARA – Peace Palace

Hague, Netherlands

Today, June 15, 2012, I heard from a representative of a popular internet radio, asking if I have definitive proof that NESARA was actually signed into law during the Clinton administration. Below is my answer.

The short answer to your question about NESARA is: “No, I have not seen and do not have a copy of a legal document proving that NESARA was enacted into law.”

That being said, I have to go with President Obama when Will Smith's son asked him about the presence of aliens, "I cannot prove or disprove the presence of aliens." <https://www.youtube.com/watch?v=1A8jQPpa3Us>

Several months ago, on the White House Petition Web Page, the official answer to the petition's request for the government to tell the people what it knows about aliens was: "We have no definitive proof."

I say this to stress that because our government denies something does not mean they are telling the truth. Those within our government who truly know about aliens or NESARA are threatened by death, torture, loss of family, etc. if they talk.

The Pentagon whistleblower known as "Drake" tells about a voluminous PLAN formulated in great detail by the Pentagon good guys that dates back to approximately 1979 (I believe I am correct with this date). This Plan was created because the military good guys did not like the way things in America were progressing—even back then, they perceived all the problems that are still evident today.

Until Drake told of this PLAN, the general public knew nothing of its existence. I seriously doubt that you could get anyone in the Pentagon to verify that it does exist.

As I state in the HISTORY OF NESARA article, I chose the route of attempting to connect the dots. Could I find proof that the tenets and possible solutions enumerated in NESARA were being discussed? Were the problems actually occurring? The articles I have written and posted on this blog and my website include my findings. As I state on my website: <https://www.pathwaytoascension.com/nesara.html>, it does not matter whether or not NESARA was actually signed into law. The tenets involved are being researched and discussed widely on the internet.

The 40+ demonstrations in front of the Peace Palace in Hague, Netherlands stimulated world wide interest. So whether or not NESARA was signed into law, the *idea* of NESARA contributed greatly to people around the world desiring the benefits listed therein.

Chinese group signing their support for NESARA

NESARA has been present in the minds of many on this planet since at least the late 1990s. Drake's recent radio shows have greatly re-stimulated interest in it.

As with numerous cover-ups, we will have to wait until the dark cabal is removed to learn the magnitude of all that has been withheld from the people.

Meanwhile I, for one, know that the tenets making up NESARA will be enacted on a planetary basis as Earth moves toward ascension and the Golden Age.

Nancy Detweiler: Jobs, Socialism, Communism, and Fascism are Not 5th Dimensional Realities

August 10, 2011

<https://goldenageofgaia.com/2011/08/10/nancy-detweiler-jobs-socialism-communism-and-fascism-are-not-5th-dimensional-realities/>

Nancy Detweiler continues her inquiry into filtering concepts in 3D and liberating circumstances in 5D.

JOBS, SOCIALISM, COMMUNISM, & FASCISM ARE NOT 5TH DIMENSIONAL REALITIES

Nancy B. Detweiler, M.Ed., M.Div., Way of Love Blog, August 8, 2011

"<https://pathwaytoascension.wordpress.com/2011/08/08/jobs-socialism-communism-fascism-are-not-5th-dimension-realities/>

At the moment, our planet appears to hover on the edge of a steep cliff from which we are about to plunge into the dark, rocky unknown. The cry for jobs is heartfelt ... the threat of socialism, communism, fascism frightening.

But what do these terms actually mean? A *job* is something we regularly perform in exchange for wages and in accordance with someone else's guidelines as to how we perform that job. We may or may not enjoy our job, but hang onto it because our 3rd dimensional reality tells us "jobs are scarce." We view ourselves as dependent upon others to provide us a job. Although we may yearn to follow another occupation, we most often grit our teeth and *work on our job* until we can retire. *We put in our time*, as we often explain with a sense of resignation to life as it appears to be.

Socialism is a word Americans throw around a lot—a dirty, dirty word. Socialism is defined by Merriam-Webster as *collective or governmental ownership and administration of the means of production and distribution of goods*. The characteristics of the collective or government will determine the quality of socialism. We participate in many *collectives* and governmental forms of socialism and think nothing of it because we call them *co-ops, churches/synagogues/mosques, national parks, Social Security, Veterans' benefits, Medicare, Medicaid*.

Communism is a term that sends shivers down our spine. Merriam-Webster defines *communism* as a system that advocates the elimination of private property and in which goods are owned in common and are available to all as needed. We live with all types of communism and think nothing of it: religious convents and monasteries, the Jewish kibbutz in Israel, communes, even the ancient Essene Community at Qumran, Israel in which Jesus was a very familiar figure.

Fascism reminds us of Hitler and we quake in fear. Merriam-Webster defines *fascism* as exalting the state—and often race—above the individual, a centralized government headed by a dictatorial leader, severe economic and social regimentation, and forcible suppression of opposition. After 9/11, Americans lived with fascist-like attitudes. Patriotism and no criticism of our leaders were dominant qualities. Affirmation that: *I am a patriot* took precedence over objectively searching for the truth regarding 9/11.

The public's vehement opposition to anyone presenting a story differing from our government's official statement held silent those who dared search for explanations and a more positive means by which to deal with conflict. Many declare themselves to be *patriots* in compliance with the mob psychology into which democracies are so prone to descend. Many have targeted Muslims as the objects

of hate and fear. Americans have created for themselves many characteristics of fascism and continue to live by them.

Thus, in one form or another, Earth humans have personally experienced each of the above: a job, socialism, communism, and fascism.

The eternal part of ourselves, the Soul, remembers a time when life was idyllic. That's why we strive to create better lives for ourselves. Accepting jobs as the only option available and the formation of these ideologies have been attempts to reclaim that idyllic life. All have missed the mark because they were created on the 3rd dimensional plane of duality, by individuals who—within themselves—were a mixture of varying degrees of good and evil.

2011-2012 proclaims a new Way of Life. Into this mixture of *political ideologies* experienced in countries around our planet, the converging of cycles of time into one huge leap forward for Earth humans requires us to leave behind all our preconceived ideas and to create a 5th dimensional, galactic society on Earth. Our galactic family will join us ... teach us the characteristics of a galactic society ... share their technology ... assist us in healing ourselves and the planet in preparation for ascension to the 5th dimension of consciousness.

New concepts will increasingly be introduced to an Earth society that has existed for thousands of years while utilizing only about 10% of our brain power. We have believed ourselves to be the only intelligent beings in Creator God's vast cosmos. *Competition ... survival of the fittest ... the haves and have-nots ... God as a distant entity*, separate from us and on whom we blame our personal and environmental suffering—all of these beliefs and folkways must be left behind.

To leave behind life as we have known it and be open to creating a *new and better society* demands a total revamping of all that is familiar to us. The recent debt crisis in Washington, D.C. provided a vivid several weeks portrayal of the futility of continuing to do things the old way. A peaceful, loving society cannot be built upon a foundation of *winners and losers, haves and have nots*. Life on the 5th dimension is not an eternal football game in which we root for one team and celebrate the loss of another. We must give up all that has caused us pain,

deprivation, and loss of *life, liberty, and the pursuit of happiness*. We must awaken to the ways by which we have been manipulated, used, and shackled—awaken to our true state as *sovereign beings*.

Heretofore, the various modes of government and organizations have been given *names*: democracy, republic, socialism, communism, fascism according to the particular characteristics assigned to them. Within our minds, we encase each category behind impenetrable walls that will not allow leakage of qualities from one classification to another. We think, “Leakage is bad.” We forget that all these forms have been attempts to create a well-functioning society on the 3rd dimensional plane of duality that houses good and evil.

Jobs were created to assist the employer in accomplishing his goal. Little thought is given to *workers* and the resulting ability for them to *pursue happiness*. Jobs are a means of control, to render the workers dependent upon the whims of the employer. In the majority of cases, personal creativity is stifled unless it directly improves the state of the employer. The ever-present threat of *losing my job* keeps workers in line and numb to possibilities of self-fulfillment. When workers do lose their jobs, they feel cast aside, helpless. It can be devastating to self-esteem because we are judged by the jobs we hold.

A 5th dimensional galactic society will be very different. Negativity no longer exists. Suffering of any kind ceases. However, we must first create this society, using the new concepts being revealed to us. These concepts will resemble many that we have heretofore categorized as socialism, communism, or fascism. The difference will be that we are creating a 5th dimensional society in which they cannot be tainted by egos, manipulation, or power struggles.

The first of these concepts is, *We are One*. We achieve this community of Oneness by moving beyond all discrimination, regardless of the reason, and recognizing the equal value of every individual. At present, discrimination still plays a huge role in our planetary society. It must cease.

The second concept is, *We are every one a sovereign being*. All are granted—by our Creator God—the same inalienable rights to *Life, Liberty, and the Pursuit of*

Happiness. At present, this may translate into the basic rights of all to health care, to have meaningful input into the work setting, and to be recognized as the integral parts of society all are.

The third concept is, *Every human being has a role to play in unfolding the Divine Plan for Earth.* No one else can play the divinely given role of another individual. A 5th dimensional galactic society honors the Divine Plan by allowing every one to follow the vocation to which he/she feels led. Individual Astrological Soul Maps mirror the Divine Plan and act as the determining factor in guiding each child into the vocation that best fulfills the talents and yearnings of the individual and the Divine Plan. *Jobs* will no longer exist.

The fourth concept is, *There is no lack.* Within each of us resides the power to manifest abundance. At present, we experience lack because we believe in it as one of the illusions that characterizes the 3rd dimension. We may begin the process of creating an abundant society for all by allowing the old financial system, on which the world economies are presently based, to collapse and instituting a new financial system that is fair to every human being. Within a few years, money as we know it will become obsolete. As we work with our galactic family in healing the earth, there will once more be an abundance of healthy foods and clean water. There will be no more extremes of weather, no more need for fossil fuels.

The fifth concept is, *There is no private property.* As we learn to manifest whatever we desire, there is no need for private property as we understand it today. As sovereign beings, we will possess the capacity to manifest a beautiful home wherever we are for as long as we choose. *All is energy* and can be returned to the creative ethers anytime.

The sixth concept is *Cooperation, not competition, in accordance with the Divine Plan.* No more political parties to compete with each other; no more power struggles, no more selfish ego manipulations. Our leaders are to be chosen solely on the basis of their willingness and capacity to lead by following the Divine Plan for Earth. Spiritual maturity determines their readiness. We are to evolve out of *religions* as we presently know them. Because our leaders will be divinely qualified to lead according to God's Plan for Earth, citizens can accept them as fulfilling their role in the Divine Design and freely cooperate with them.

The seventh concept is *Worldwide Peace*. Wars and their systemic causes will cease to exist. There can be no violence—psychological or physical—on the 5th dimension. Peacekeeping forces may be needed for a few years as we create our galactic society, but not permanently.

The eighth concept is, *All is Love*. Love for all human beings is the foundation for government and its policies. Children are reared in an atmosphere of love and appreciation for who they are as individuals. To engage in the Arts—music, art, drama—will be an integral part of life. Opportunities to learn will be endless and freely given. Government and parenting are centered upon developing each human being to their fullest capacity.

The ninth concept is *Service freely given to all*. Selfless service is recognized as a means to evolve spiritually and is freely given. Service is also the way in which we participate in the unfolding of the Divine Plan.

The tenth concept is, *Divine Spirit permeates all things*. Every facet of nature, every human being is known to be *Divine Spirit in manifestation*. No longer will we treat the Earth or anything on it as *not worthy of honor and appreciation*.

As you can see in the summary of characteristics of the 5th dimension, they contain facets of the prior, multiple efforts Earth humans have made to govern. It is important to remember that all 3rd dimensional activities are created within a mixture of good and evil and therefore reap adverse effects, as well as some good.

Earth humans are also manipulated by the use of slogans, names, and tightly contained categories. For example, “*Jobs, Jobs, Jobs*” was the slogan many politicians used in the 2010 elections. They got elected because Americans naively believed them. It is incumbent upon all citizens to see through the political slogans and seek the truth about each politician’s intentions once in office.

The next months may be filled with confusion, chaos, and the need for discernment. We can best deal with the multiple changes taking place by learning to think and discern truth for ourselves ... by understanding that our present

political environment was created by imperfect beings ... and by being open to learn and adopt the *new concepts characterizing the 5th dimension*.

Together, creating cooperatively, Earth humans will manifest *a new 5th dimensional galactic society on Earth!* Together, in love and peace, we will rejoice!
